Roundtable Discussion: Innovations in Teaching Leadership through Professionalism

The IHPE Global Forum Innovation Collaboratives
Transforming Patient Care: Aligning Interprofessional Education with Clinical Practice Redesign

- Engage patients, families, and communities in the design, implementation, improvement, and evaluation of efforts to link interprofessional education and collaborative practice.
- Accelerate the design, implementation, and evaluation of innovative models linking interprofessional education and collaborative practice.
- Reform the education and life-long career development of health professionals to incorporate interprofessional learning and team-based care.
- Revise professional regulatory standards and practices to permit and promote innovation in interprofessional education and collaborative practice.
- Realign existing resources to establish and sustain the linkage between interprofessional education and collaborative practice.
LEADERSHIP COMPETENCY MODELS: WHY MANY ARE FAILING AND HOW TO MAKE THEM FLOURISH

Critical Shortage of Health Service Providers
(Doctors, Nurses and Midwives)

Globalization

“... Ways in which nations, businesses and people are becoming more connected and interdependent across national boundaries through increased economic integration, communication, cultural diffusion and travel.”
The Future
Why bother with the future?

"If you think that you can run an organization in the next 10 years as you've run it in the past 10 years you're out of your mind."

~CEO, Coca Cola
