- Develop a RN workforce from existing employees
- Reduce Turnover rate
- Reduce Vacancy Rate
- Reduce recruiting Costs
- Employer of choice
“I’m shaking in my skin because I’m so excited,” said Alexis Barba, who is in the first class, “I just saw no opportunity for doing this because of my work schedule.” She thanked her union for making this possible.
“I’m so excited. I feel blessed to be chosen.” said Juanita Esquer, also in the first class. “I’ve always dreamed of getting my nursing degree while I work. This is going to be life-changing because I can better provide for my family.”
Finding the Value

• Can we make this program cost effective in order to continue the apprenticeship program statewide?

• What are the cost benefits?

• What population will this serve in the future?
CHALLENGES & SOLUTIONS
Employer Challenges

- Backfilling LVN’s
- Cost of program - ROI
- Additional workload on Headquarter staff
- Buy-in and support of Institution Leadership
- Managing apprentices/ Accountability/ Neutrality
Program Challenges

- Students requiring remediation
- Selection criteria
- Meeting obligations for 2 year commitment with CDCR
- Union and Employer differences
- Non Traditional Apprenticeship program- Laws-regulations- BRN
Student Challenges

• Have not attended school in years
• English is their second language
• Studying and school is a challenge
• Not being able to pass a class or exam
Brainstorming....

How would you as a leader in the healthcare industry package this program to be successful?
