Developing Evidence-Based Standards for Psychosocial Interventions for Mental Disorders

Implementation Meeting Agenda

October 27, 2015

Keck Center
Room 208
The National Academies
500 Fifth Street, N.W., Washington, DC

The goal for this implementation meeting is to convene relevant stakeholders to discuss concrete goals and actions that can be taken to advance the recommendations of the Institute of Medicine Report *Psychosocial Interventions for Mental and Substance Use Disorders: A Framework for Establishing Evidence-Based Interventions*. Discussion will focus on promising models and how steps can be taken to advance the process of establishing standards for psychosocial interventions. Panelists will provide comments on guiding questions and members who served on the committee will serve as a resource regarding report content.
