DRI Research Synthesis Workshop

Paul Coates
Member, DRI Federal Steering Committee

Federal Steering Committee, US Contingent

- Health and Human Services
  - Office of Public Health and Science
  - Administration on Aging
  - Food and Drug Administration
  - Centers for Disease Control and Prevention
  - National Institutes of Health
- Agriculture
  - Agricultural Research Service
  - Cooperative State Research, Education, and Extension Service
  - Center for Nutrition Policy and Promotion
  - Economic Research Service
- Defense

Goals of the Project

- Gather research recommendations from all 8 reports
- Synthesize them in a searchable database
- Identify gaps in knowledge
- Stimulate research to fill gaps
- Assist sponsors in research priority setting
- Alert research community to the gaps/priorities
- Make future DRI recommendations even more meaningful
