Gulf Sea Level Variation and Rise
Notice of Intent

You may click "Save and Continue Editing" at the bottom of the screen at any time. Please note that after clicking, you might receive an error notification that you have not responded to all required questions. However, you should also see small text in the bottom of the task list on the left that begins "Last edited" with a timestamp of when you last saved your progress. This indicates that the application was saved successfully.

To download this form, click the three dots in the upper right corner of the form and click "Download."

When the form is complete, you may click "Mark As Complete" at the bottom of the page to save your work.

Please remember to view the RFA on our website for complete instructions on submission.

Notice of Intent Due: July 21, 2021, 5:00 PM ET

* denotes required fields

Submitter: [user first name] [user last name]

Although the information provided in the NOI is considered to be non-binding, it is expected that Full Proposals will reflect the goals, objectives, and general approach laid out in the NOI and that the applicant remains the same.

I. Project Personnel

The Gulf Research Program requires individuals named as Project Director or Key Personnel in an application to adhere to the following:

- An individual may be named as Project Director in only one application.

- An individual, including a Project Director, may be named as Key Personnel in any number of other applications.

- If an individual appears on multiple proposals, a clear description should be included to explain how the proposed work is complementary and not duplicative of other proposed efforts and how the participant will budget his or her time.

- Should an individual appear on two or more proposals as Project Director, ALL proposals listing that individual as Project Director will be disqualified and eliminated from the review process. It is the responsibility of the Project Directors to confirm that each member of the entire team is within the eligibility guidelines.

1. Project Director Information*

The Project Director is responsible for the direction and intellectual design of the project and has primary responsibility for project execution and the submission of all required deliverables to the Gulf Research Program.

ORCID (Open Researcher and Contributor ID)*

Please enter your ORCID below. If you do not have an ORCID, please register for one.

2. Key Personnel

2a. Other than the Project Director, how many Key Personnel will be involved in this project?*

Key Personnel are individuals who share in the responsibility of the direction or intellectual design of the proposed project and/or contribute to the execution of the project in a substantive, measurable way.

Please enter "0" if there will be no other Key Personnel.

2b. Please list the name, organizational affiliation, type of institution, expertise, and project role of each Key Personnel in the order of their importance to the project. *

This section will accommodate listings for up to fifteen people. Scroll to the right in this section to view and enter information for all categories. If Key Personnel exceed fifteen people, see section 2c.

	Name (Please do not include prefix)	Organizational Affiliation (Please do not use acronyms)	Type of Institution	Expertise (Up to 5 words)	Project Role (Up to 15 words)
1.			○ For-profit organization ○ Non-profit, non-academic organization ○ State or local government ○ University/ college ○ Other		

[ROWS #2-14 NOT SHOWN]

	Name	Organizational Affiliation	Type of Institution	Expertise	Project Role
15.			○ For-profit organization ○ Non-profit, non-academic organization ○ State or local government ○ University/ college ○ Other		

2c. If the number of Key Personnel exceeds fifteen, please list the name, organizational affiliation, type of institution, expertise (up to 5 words), and project role (up to 15 words) of each remaining Key Personnel.*

[   ]

2d. Are any of the Key Personnel federal employees?*

NOTE: If a proposed project with employees of federal agencies as Key Personnel is awarded, the Gulf Research Program would ask the applicant to certify that (1) the employees of federal agencies named as Key Personnel are serving in their personal capacity, donating volunteer time at no charge to any parties and (2) that no part of the proposed work is done by the federal government.

○ Yes

○ No

3. Involvement of Project Director or Key Personnel in Other Applications

3a. Is the Project Director or Key Personnel involved in other applications for this funding opportunity?*

An individual may only be listed as Project Director on one application. An individual, including a Project Director, may be named as Key Personnel in any number of other applications.

○ Yes

○ No

3b. Indicate the involvement of the Project Director or Key Personnel in other applications.*

List the names of the Key Personnel who are involved in other applications for this funding opportunity and the titles of the other proposed projects. Please explain how the proposed work is complementary, not duplicative, of other proposed efforts and how the participant will budget his or her time.

[   ]

II. Project Details

1. Project Title (maximum 15 words):*

The title should clearly represent the project and help articulate the importance and goals of the project to a non-technical reader. Titles are a primary referent for projects. The titles of awarded projects will be announced publicly and should not sacrifice clarity for novelty.

[   ]

2. Project Acronym (if applicable)

[   ]

3. Project Key Words (maximum 5 words):*

[   ]

4. Project Summary (maximum 1,000 words):*

This overview should be written in the third person, informative to other persons working in the same or similar fields, and, insofar as possible, understandable to a scientifically or technically literate lay reader. It should address:

- **Basic project background/context**

- **General project plan and main goals/objectives**, including
    - Anticipated focus areas and approach;
    - How the project will advance understanding of Gulf regional sea level variation and rise; and
    - How the project team will incorporate their new understanding into more reliable forecast models and century-scale projections of relative sea level rise.

- **Anticipated outputs and outcomes**, including:
    - Summary of the emissions-dependent projections, comparable projections, forecasting tools, and other information products the team will produce; and
    - How these outputs and outcomes will benefit specific end-users.
