Decadal Survey of Behavioral and Social Science Research on Alzheimer's Disease and Alzheimer's Disease-Related Dementias

Sponsor Perspective: American Psychological Association

Howard S. Kurtzman, Ph.D.
Deputy Chief Scientific Officer
American Psychological Association
hkurtzman@apa.org

July 7, 2020

1. Diversity

- *Multicultural Guidelines: An Ecological Approach to Context, Identity, and Intersectionality* (APA, 2017)
- *APA Handbook of Dementia* (2018)
 - Co-occurring mental health problems, including trauma.

2. Pandemics, natural disasters, climate change

- *APA's Response to the Global Climate Change Crisis* (2020 statement)
- *Mental Health and Our Changing Climate* (APA & ecoAmerica, 2017)

3. Technology

- Annual APA Technology, Mind & Society Conference
- New APA journal: *Technology, Mind, and Behavior*

4. Dissemination & implementation research

5. Keep non-scientist audiences in mind

- Policy-makers
- Practitioners
- General public

Thank you

Howard Kurtzman
