OPEN SESSION

Goals for Open Session

The goal for this open session is for the committee to hear from individuals outside of the committee who have relevant expertise or experiences related to the statement of task. These presentations will help inform the work of the committee. In this panel, the committee will learn about different forms of education and training that occur in the military context. There will be a focus on understanding these learning spaces across the lifecycle of service members. The committee will hear about methods of assessment and evaluation, hear from individuals in various positions, and hear from multiple military contexts and branches.
