

Adult Learning in the Military Context

Committee Meeting 3- Open Agenda, Day 1

Keck Building, Room #106
500 5th St NW, Washington, DC, 20001

TUESDAY, FEBRUARY 27, 2024

OPEN SESSION

Goals for Open Session

The goal for this open session is for the committee to hear from individuals outside of the committee who have relevant expertise or experiences related to the statement of task. These presentations will help inform the work of the committee. In this session, the committee will learn more about various learning contexts and focus on different forms of education and training. There will be a focus on understanding these learning contexts across the lifecycle of service members. The committee will also hear from a speaker focused on bridging basic research and practice.
