

Committee on Improving the Health and Wellbeing of Children and Youth through Health Care System Transformation

Meeting #2 Agenda

March 29-30, 2023

Keck Center (Room 206)
500 Fifth Street, Washington, D.C. 20001

DAY 1: Wednesday, March 29, 2023 (*all times Eastern*)

1:00- 2:00 PM

Understanding Health Care System Transformation

- Why it is important to invest in the health and wellbeing of children and youth?
- What is the future of pediatric healthcare delivery?
- What have been identified as key levers of change to guide innovation and transformation within healthcare systems?

Speakers

Edward Schor, Healthcare System Consultant (virtual)

Kay Johnson, Johnson Group Consulting Inc. (virtual)

2:00 – 3:30 PM

Lived Experience and Community Engagement

- How should healthcare providers or healthcare systems be engaging families and communities in their care?
- What changes are needed in the child and adolescent health care system?
- What are patient and family expectations of high-quality care, evidence-based care, and health equity? How should these terms be defined to promote healthcare system change?
- What are promising policies and practices that incorporate the lived experiences of underserved children, adolescents, parents, and caregivers, and build the needed trust, partnerships, and long-term relationships to promote family-centered engagement, promote protective factors, and help address systemic inequities and disparities in access to and use of high-quality child and adolescent health care?

Speakers

Renee Boynton-Jarrett, Boston University, Vital Village Community Engagement Network

Tamela Milan-Alexander, EverThrive

Nikki Montgomery, Family Voices (virtual)

3: 30 PM

Public Session Adjourns

Committee on Improving the Health and Wellbeing of Children and Youth through Health Care System Transformation

Day 2: Thursday, March 30, 2023 (all times Eastern)

1:00–2:00 PM

Medicaid, CHIP, and Alternative Payment Models

- What are the gaps and barriers in current payment models, for both public and commercial insurance, and what are potential solutions to overcome them?
- What are new strategies and/or models that should be considered to improve care for children and youth?
- What goals should be considered from if financing health care is transformed and how should such transformation be advanced?

Speakers

Jacey Cooper, California Department of Health Care Services (virtual)

Sherry Glied, New York University (virtual)

2:00-2:30 PM

Understanding Health Care System Transformation

- What have been identified as key levers of change to guide innovation and transformation within healthcare systems?
- What are examples of transformation frameworks?

Speaker

Neal Halfon, University of California Los Angeles (virtual)

2:30 PM

Meeting moves to Closed Session

We acknowledge that the National Academies Keck Center and NAS Building are housed on the traditional land of the Nacotchtank (Anacostan) and Piscataway Peoples past and present. We honor with gratitude the land itself and the people who have stewarded it throughout the generations. We honor and respect the enduring relationship that exists between these peoples and nations and this land. We thank them for their resilience in protecting this land and aspire to uphold our responsibilities to their example.

This meeting is being held to gather information to help the committee conduct its study. This committee will examine the information and material obtained during this, and other public meetings, in an effort to inform its work. Although opinions may be stated and lively discussion may ensue, no conclusions or recommendations are being drawn at this time. The committee will deliberate thoroughly before writing its draft report, and the report will undergo a rigorous review by experts before being released to the sponsors and public. (Anticipated report release for this study is May 2024).
