

**Building Data Capacity for Patient-Centered Outcomes Research:  
An Agenda for 2021 to 2030**

**Virtual Workshop 3: A Comprehensive Data Ecosystem for  
Patient-Centered Outcomes Research**

JUNE 14, 2021, 11 AM – 5 PM EDT

**OBJECTIVES FOR THE WORKSHOP**

- Discuss how research and data collaborations can evolve to meet PCOR research and data capacity challenges, and how HHS can support effective research and data collaborations
- Identify barriers and potential solutions to the access and use of linked public data, and to the access and use of linked public and private/proprietary data
- Discuss the feasibility and utility of developing a phased-in approach to building the interoperable data capacity for patient-centered outcomes research with existing databases in HHS, other Federal Departments and the private sector
