<u>Panel on an Integrated System of Household Income, Wealth, and Consumption</u>
<u>Data and Statistics to Inform Policy and Research</u>
<u>Meeting 7 Agenda, Virtual Public Meeting</u>
Tuesday, September 20, 2022, 2:00pm – 5:00 pm ET

ZOOM: https://nasem.zoom.us/j/93030031616?pwd=Yy9jdzJ4N043SlJ5TEdENDErcnkwdz09

➢ 2:00pm Welcome, plan for meeting
   – Tim Smeeding, Chair
➢ 2:05pm Experiences from other countries in creating a data infrastructure for Income, Consumption and Wealth (moderator, Stephen Jenkins)
   – *Canada, Amanda Sinclair (Statistics Canada).* [Discuss the use of multiple data sources in estimating income, consumption and wealth, with some attention to the microsimulation model]
   – *Finland, Veli-Matti Törmälehto (Statistics Finland*). [Measuring income, consumption and wealth distributions in Finland using multiple data sources]
   – *Italy, Andrea Neri (Bank of Italy).* [Discuss efforts building consistent data and definitions of income, wealth and consumption, including the progress implementing the data infrastructure across agencies (e.g., ISTAT and Bank of Italy) and to researchers]
➢ 3:00pm Panel Discussion
➢ 3:25pm Break
➢ 3:35pm More Experiences from other countries in creating a data infrastructure for Income, Consumption and Wealth (moderator, Jorrit Zwijnenburg)
   – *U.K., Carla Kidd (Office of National Statistics).* [Discuss new project of transforming ONS household financial statistics from surveys to administrative data, and issues in obtaining and linking the non-survey data, and providing access.]
   – *The Netherlands*, *Johan van Rooijen and Arjan Bruil (Statistics Netherlands).* [Discuss SSD (System of social statistical datasets), a system of standardized registers and surveys, and the use of the linked dataset in estimating income]
   – *New Zealand, Meghan Stephens (The Treasury).* [Discuss issues using linked survey and admin data on income in the Integrated Data Infrastructure (IDI), with focus on users access, cross-agency issues in dataset ownership and acquisition (e.g., with StatsNZ), and IDI-version creation.]
➢ 4:35pm   Panel Discussion
➢ 5:00pm   Adjourn
