

## Workshop Agenda

### Day 1 – Wednesday, October 26<sup>th</sup>

<b>09:00 AM</b>	<b>Session 01: Welcome, Introductions, and Workshop Overview</b>  <b>Goal:</b> A shared understanding of the workshop's purpose, structure, and process.
<b>9:45 AM</b>	<b>Session 02: Climate and Security Challenges in South Asia</b>  <b>Goal:</b> Review the most likely areas of climate impacts and risks and climate response needs, actions/capacities and risks in South Asia – human security challenges
<b>10:45 AM</b>	<b>Break   15 min</b>
<b>11:00 AM</b>	<b>Session 03: Case Studies – Scenarios from South Asia</b>  <b>Goal:</b> Review past scenarios where climate change and response needs precipitated a security issue.
<b>12:30 PM</b>	<b>Lunch   1 hour</b>
<b>01:30 PM</b>	<b>Session 04: Potential Future Scenarios</b>
<b>02:45 PM</b>	<b>Break   15 min</b>
<b>03:00 PM</b>	<b>Session 05: Existing and Needed Tools for Analyzing and Forecasting Climate Security Risks, Indicators and Mitigation Methods</b>  <b>Goal:</b> Determine what is available and what is missing for the South Asia context and beyond. How do we get from there to 10-20 years out?
<b>04:00 PM</b>	<b>Session 06: Breakout Groups to Review Case Studies</b> <b>Goal:</b> Identify first order impacts of the climate event. Determine inflection points, when did warnings occur and what could have been done to mitigate?
<b>05:00 PM</b>	<b>Reconvene, Summary of Day 1 and Plan for Day 2</b>
<b>05:10 PM</b>	<b>Adjourn Day 1</b>

### Day 2 – Thursday, October 27<sup>th</sup>

<b>09:00 AM</b>	<b>Session 07: Case Studies Discussion and Next Steps</b> <b>Goal:</b> Review outcomes from breakout group discussions. As a group, identify second and third order impacts of the climate event and risk pathways. Determine gaps to get the data, research, partnerships, and processes needed.
-----------------	--

---

**10:30 AM**      ***Break | 15 min***

---

**10:45 AM**      **Session 08: Breakout Groups to Discuss Priority Climate Security Threats in South Asia**

**Goal:** Determine climate hazards and climate responses that pose the highest risk of developing into security threats, especially regional/across borders. Discuss research, data, partnerships and processes needed to better integrate climate assessments.

---

**12:30 PM**      ***Lunch | 1 hr***

---

**01:30PM**      **Session 09: Finalize Prioritized List of Climate Security Threats in South Asia**

**Goal:** With the knowledge of South Asia risks, prior experiences, available modeling and other tools, and using the framework, determine highest risk of climate exacerbated security risks.

---

**04:00 PM**      **Session 10: Summary and Next Steps**

**Goal:** Review the process and final outcome and determine what is still needed for the next workshop.

---

**04:30 PM**      **Adjourn Day 2**

---
