Research Libraries: Facilitator & Funder

Elaine Westbrooks, Carl A Kroch University Librarian
Future Implications of Open Access & FAIR Data / February 21, 2024

The scholarly communications system remains as broken as ever; continuing to be:

1. Inequitable
2. Unaffordable
3. Opaque
4. Closed
5. Unsustainable

Higher Education Context

Research Library Context

Access

Social Responsibility

Public Good

Affordability

Transparency

Sustainability

Research Integrity

Shift: Just in Time Collections

1. Can't buy everything
2. ILL is awesome
3. Collective collections
4. Controlled digital lending
5. Analysis of serial cancellations

Facilitating Open Science

Research Library Efforts

1. Continue to provide some OA funds
2. Advocate policy change internally & externally
3. Author rights advocate
4. Provide general education across campus
5. Support vendors, publishers, and organizations that share values

Library/Higher Ed Consortia Efforts

1. Ivy + confederation examining challenges
2. Buying clubs remain relevant
3. Higher education policy (HELIOS)
4. Investment in non-profit organizations
