

**Committee on Solid Earth Geophysics**  
Fall Meeting 2022 Open Session  
Electromagnetic Methods to Study the Solid Earth  
November 28, 2022

- 12:30 – 1:20 PM** **Welcome and introductions**  
(all times EST) *Donna Shillington, Northern Arizona University, COSEG member*
- Overview of EM methods to study the solid Earth**  
*Rob Evans, Woods Hole Oceanographic Institution*
- 1:20 – 2:40 PM** **Panel 1: MT imaging across scales**  
*Moderator: Mark Behn, Boston College, COSEG member*
- Paul Bedrosian, U.S. Geological Survey  
Christine Chesley, Woods Hole Oceanographic Institution  
Jared Peacock, U.S. Geological Survey
- 2:40 – 3:00 PM** **Break**
- 3:00 – 4:20 PM** **Panel 2: Progress from joint analysis and mineral physics**  
*Moderator: Jessica Warren, University of Delaware, COSEG member*
- Darcy Cordell, Georgia Institute of Technology  
Max Moorkamp, Ludwig Maximilian University of Munich  
Anne Pommier, Carnegie Institution for Science
- 4:20 PM** **Synthesis and outlook**  
*Kathy Whaler, University of Edinburgh*
