

National Academies Committee on Guidance on PFAS Testing and Health Outcomes

Information Gathering Session, Meeting 6

August 11-12, 2021

All times listed are Eastern Daylight Time

MEETING OBJECTIVES

- Learn about ethical principles that could inform frameworks for decisions about clinical evaluation and biomonitoring and how those have been applied in PFAS contaminated communities
- Hear perspectives on important considerations for treating patients in PFAS contaminated communities
- Identify strategies for communicating biomonitoring results and the opportunities and challenges with connecting biomonitoring to clinical care

Wednesday, August 11, 2021, 1:25-4:25 PM ET

One video primer will be available for viewing before the workshop, this will provide pertinent background information on the PFAS Guidance Study, the National Academies and a review of the study's statement of task and the study plans.
