Data and Management Strategies for Recreational Fisheries with Annual Catch Limits

Committee Meeting 7

February 9-10, 2021

VIRTUAL MEETING

(All times listed are Eastern)

Meeting objectives:

- Focus on recreational fisheries data and management strategies in the Northern and Western Pacific Regions.
- Hear from a variety of perspectives on what the in-season management needs of these regions are, what other management techniques have been employed, and the extent to which data collection (methods, data quality, data availability) have influenced the selection of those management techniques.
