

**Committee on Independent Scientific Review of Everglades Restoration
Progress
March 24-25, 2022 Field Trips**

Public attendance: Members of the public may register to attend one of the following into three field trip components:

- 1) March 24, morning tour of model lands (approx. 8:30-noon) to discuss BBSEER efforts to enhance wetland sustainability with increased freshwater flows (must have own transportation in high clearance vehicle);
- 2) March 24 afternoon boat tour of nearshore Biscayne Bay, departing from and returning to Dante Fascell Visitors Center (~12:30-4:30 pm; \$72 fee required, payable to National Academies); and
- 3) March 25 all day tour of STAs (8:30-3:00; must have own vehicle; meet at the site).

All participants are responsible for their own vehicular transportation to the site and during the tour. Participants will need to bring their own food and water for the day. Capacity on each portion of the trip is limited and will be allocated on a first-come, first served basis. Please note the specific requirements of each tour portion. **If you are interested, contact Clara Phipps at CPhipps@nas.edu to sign up, with a preference of which tour component you wish to attend** (or priority ranking, if your first choice is full).
