Addressing Data Risks and their Costs: Agreements

AMY O'HARA
NASEM
JULY 11, 2019

Risks

Get agreement for data access	Convincing Trust and control Specifications
Keep agreement in place	Withdrawal Failure to deliver Need for modification
Enforce terms and conditions	Clarity Whose job is it Who has authority

Managing risks

Get	Convincing Trust and control Specifications	Templates Precedents
Keep	Withdrawal Failure to deliver Need for modification	Value Communication
Enforce	Clarity Whose job is it Who has authority	Assign responsibility Document management

Issues

- Agreements vs. contracts
- Liability
- Handling identifiers
- Purging records
- Synthetic data

Future

- Intermediaries
- Smart contracts
- Linked agreements
