

Condensed Matter and Materials Research Committee
Fall Meeting –October 6, 2015
National Academies’ Keck Center –Washington, DC – Room 201

Tuesday, October 6, 2015		
CLOSED SESSION		
8:30	<i>Working Breakfast</i>	
OPEN SESSION		
11:45 am	<i>Working Lunch</i>	
12:45	<i>Focus Session – Research at millikelvin temperatures using liquid He3 or He4</i>	
12:45	Summary of findings of new directions previewed in the recent workshop	*Moses Hung-Wai Chan (Pennsylvania State University)
1:30	Bose condensation of excitons	*David Snoke (University of Pittsburgh)
2:15	Nanomechanical systems in contact with superfluid films	*Keith Schwab (California Institute of Technology)
3:00	<i>Break</i>	
3:15	Topological Quantum Matter	* Bill Halperin (Northwestern University)
4:00	Panel Session	All
5:15	<i>Adjourn</i>	
CLOSED SESSION		

* Confirmed
