

Early Career Professionals and the Planetary and Astrobiology Decadal Survey

Date: March 27, 2020 (rescheduled from in-person LPSC meeting)

Time: 2:00 pm to 4:00 pm ET

Location: Virtual Webinar hosted by LPI. To connect, please register at <http://planetarydecadal.eventbrite.com>

AGENDA

Welcome and Introductions. About the decadal surveys in space science; the National Academies of Sciences, Engineering, and Medicine; and how to get involved.

- Speaker: Colleen Hartman, Director of Space & Aeronautics, National Academy of Sciences, Engineering, and Medicine

Overview and Updates of the Planetary Science Division at NASA

- Speaker: Lori Glaze, Director of Planetary Science, NASA

Panel discussion: seasoned veterans discuss how to be involved in a decadal, the process itself, advice and recommendations, and their own personal early career experiences.

Moderator: Colleen Hartman

- Panelist: Bethany Ehlmann, Professor, California Institute of Technology
- Panelist: Lori Glaze, Director of Planetary Science, NASA
- Panelist: Louise Prockter, Director, Lunar and Planetary Institute
- Panelist: William McKinnon, Professor, Washington University

Closing Remarks

Q&A from audience

All questions for the panelists should be sent to mbrown@nas.edu
