Value of HPE SOTL

H. Carrie Chen, MD, PhD
Associate Dean for Medical Education
Research & Scholarship
Professor of Health Systems Science

Why is HPE SOTL Important?

Why promote it?

What is it in service of?

Image designed by Freepik

- Ensuring the health of the public
- Training HP learners to better care for patients by delivering safe, effective and efficient care
- Supporting best practices in HP training

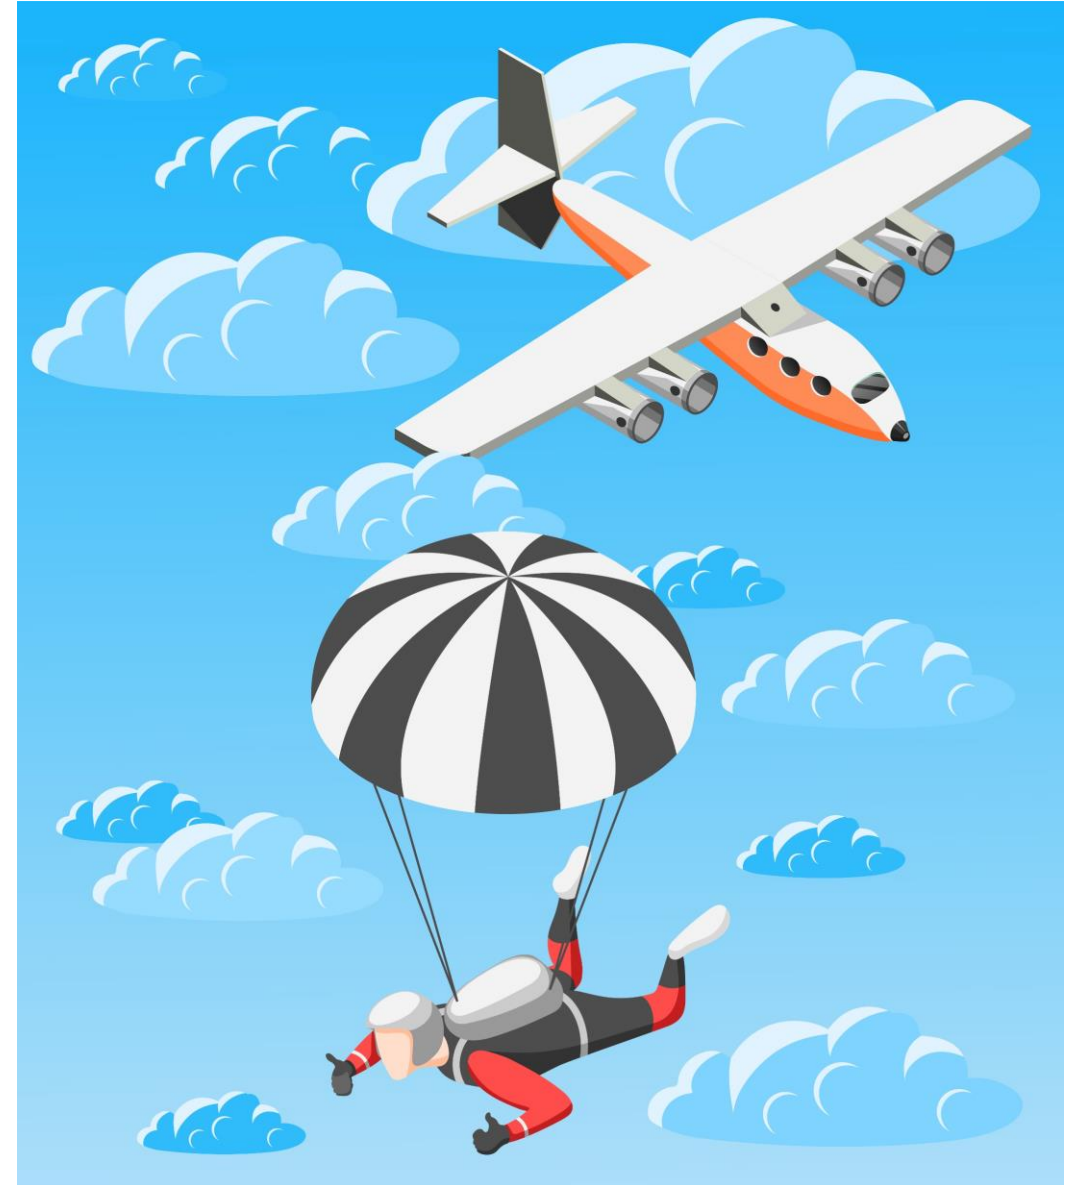

Role of Evidence

- Evidence-based practice
- Educationally sensitive patient outcomes
- Education and healthcare complex
 - Trainee agency/behaviors
 - Patient agency/behaviors
 - Team based care
 - Context

Bar for Evidence

- Randomized controlled trials
 - May not be feasible
 - May not be needed
- Innovations do not have “proof”
- Implementation science and social sciences as better models

Designed by macrovector / Freepik

Value in...

- Using observations to inform practice
- Sharing observations and lessons learned
- Replicating what others have done
- Teaching others best practices

Image designed by Freepik

Which

- Builds upon Discovery to increase understanding
- Can represent Integration, Application, Teaching/dissemination

Bar of Improving Practice

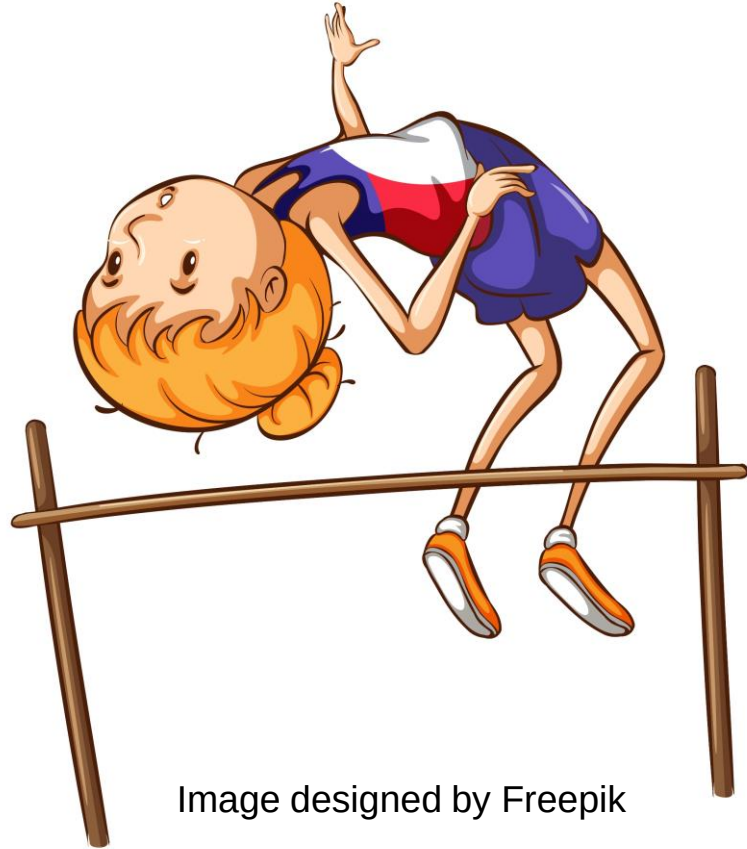

Image designed by Freepik

- Improving
 - Educational practices
 - HP Training
 - Health care
- Valuing different types of SOTL
- Valuing different avenues of sharing/dissemination

Conveying Value

- Making SOTL visible and understandable by others
 - Validation through awards, etc.
 - Credit for team work
 - Development of faculty
 - Development of leaders, promotions committees
- Helping institutions embrace education as a science
 - Scholarly approach to education practices
 - Generation of scholarship
