WHAT GRINDR USERS ARE UP AGAINST

WHAT GRINDR USERS ARE UP AGAINST

SHOWING UP FOR SEXUAL HEALTH

Messaging

- Outbreak Advisories
- STI Prevention Campaigns (PrEP, PEP, HPV, Hepatitis A)
- Large scale testing reminders + locators

Research

- Using Grindr as a recruitment tool
- Grindr-initiated surveys

Features

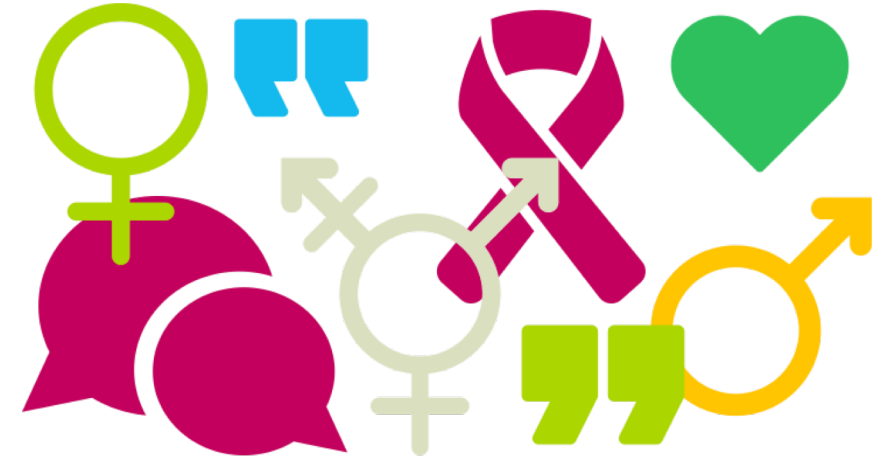

- Last Tested Date Field
- Testing Reminders
- Sexual Health Resource Center, Gender Identity Resource Center, Holistic Security Resource Center

Funding

- Funding for experimental public health projects
- Focused on underfunded, community-led organizations outside of the U.S.

SEXUAL HEALTH OPPORTUNITIES

- Developing in-app sexual health features with public health experts, community leaders, + app users
- Increasing access to medications, STI home test kits, + safer sex materials
- Messaging sex-positive, affirming campaigns
- Addressing HIV + STI stigma
- Responding to emerging sexual health concerns with LGBTQI community centers
- Holistic health education resource development + developing engaging, specific platforms

GRINDR FOR EQUALITY

Outbreak Advisory: Hepatitis A

Your state has recently seen more cases of hepatitis A than usual among gay, bi, and trans people, including those who use drugs or experience homelessness.

Tap 'Learn More' to learn about hepatitis A and what you can do to protect yourself, including where you can get the hepatitis A vaccine.
