

AUGUST

CIVIC HEALTH MON+H

EVERY DAY FEELS LIKE GROUNDHOG DAY...

1 START THE DAY

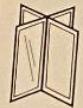

You wake up each day ready to support those who need your help.

2

YOU DO YOUR PART

You provide care and treatment to those most impacted by COVID-19.

3 BUT STILL NOTHING CHANGES

You do your best to help those who need it most, but your patients still go home to inadequate housing, food deserts, and exorbitant medical bills - with no voice to push for change.

THANK YOU FOR JOINING OUR COMMUNITY OF GUARDIANS!

Swap out your lanyard with the one included and add this badge to your lanyard.

Guardian's Tool Belt
Scan QR Code to access posters and resources on [vot.er.org/resources](#)

HOW TO GET STARTED:

- 1 The first oxygen mask to put on is your own. Check your own voter registration and sign up for your vote-from-home ballot.
- 2 Take a photo of this kit and pass it on to two friends you feel are ready to be Guardians!
- 3 Every time it feels like Groundhog Day, ask your next patient if they are ready to vote.

*GUARDIANS

HOW TO RESPOND WHEN A PATIENT ASKS ABOUT YOUR LANYARD OR BADGE:

What's up with your lanyard?

Response:

I want you to be able to vote in the upcoming election in a **safe and healthy** way. You can use your phone right now to check your voter registration and request your ballot to vote from home. I've got to run, but all you have to do is point your camera at this QR code, or you can text this number. The platform will walk you through all the steps.

Well, who are you voting for?

Response:
I'm voting for you and your health. In fact, I'm voting for all of my patients. I would love if you support me and my colleagues in healthcare by making sure to vote this fall.
