Webinar

Food Waste: Current Issues and Emerging Solutions
Tuesday, October 20th, 1:00 PM ET – 2:15 PM ET
Hosted by the Institute of Medicine's Food Forum

Objectives:

(1) review methods to quantify and measure waste, (2) explore health, environmental, social, and economic impacts, (3) identify various contributors to waste across the entire food supply chain, and (4) discuss opportunities for a collective cross-sector response to reduce waste
