

Integrating Systems and Sectors Toward Obesity Solutions A Virtual Workshop

Monday, April 6, 2020
9:00 AM-12 PM ET

Zoom: <https://nasem.zoom.us/j/730323933>

Introduction and Overview of Systems Theories, Methodologies, and Applications

Objective: Provide background on systems theories, methodologies, and applications.

- | | |
|----------|---|
| 9:00 AM | Welcome
<i>Nico Pronk, Chair, Roundtable on Obesity Solutions</i> |
| 9:10 | Overview/history of systems science
<i>Ross Hammond, Washington University in St. Louis</i> |
| 9:40 | Thinking in systems to address health inequities and improve population health
<i>Sandro Galea, Boston University</i> |
| 10:10 | Overview of applications
<i>Douglas Luke, Washington University in St. Louis</i> |
| 10:40 | Break |
| 10:50 | Panel Discussion
<i>Moderator: Daniel Rivera, Arizona State University</i> |
| 11:25 | Audience Q&A
<i>Moderator: Daniel Rivera, Arizona State University</i> |
| 11:50 | Closing Remarks
<i>Chris Economos, Co-Vice Chair, Roundtable on Obesity Solutions</i> |
| 12:00 PM | Virtual Workshop Adjourns |
