

HOW COMMUNICATIONS CAN AFFECT PERCEPTIONS AND THE UNDERSTANDING OF OBESITY

Laura Lindenfeld, Ph.D.
Alan Alda Center for Communicating Science
The School of Communication & Journalism

Communication as a System

Strengthening Linkages between Knowledge and Action through Communication

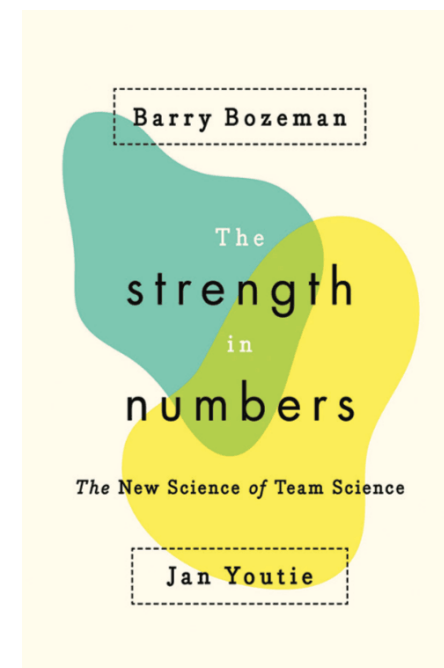

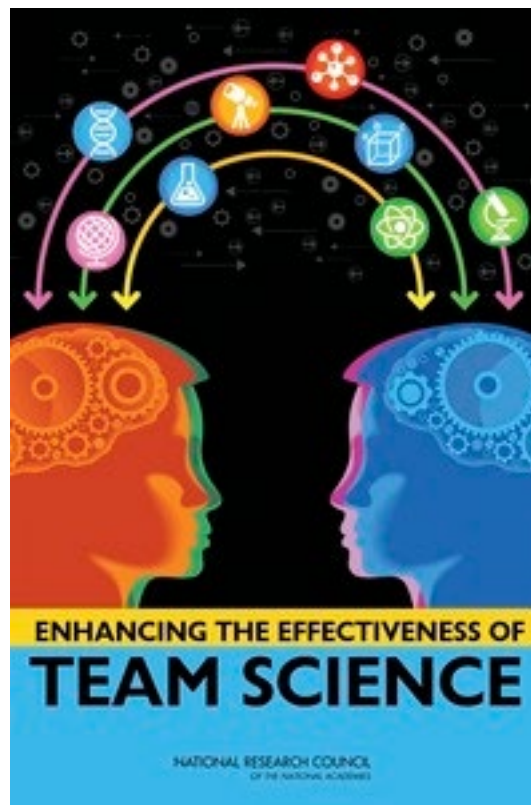

Some key areas to grow capacity:

- Science Communication
- Interdisciplinary Collaboration
- Partnerships & Engagement

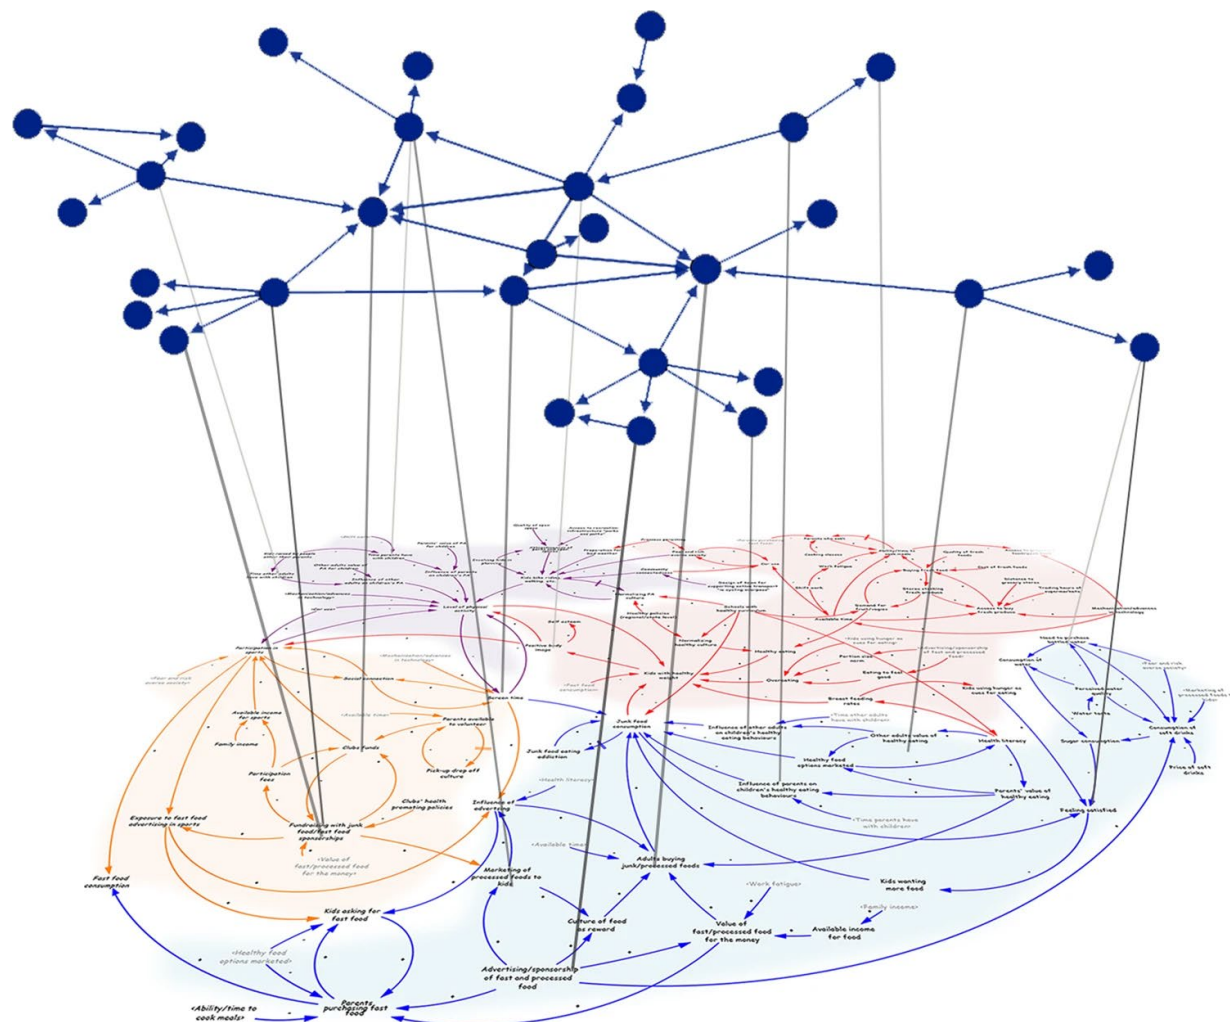

Science Communication

Interdisciplinary Collaboration

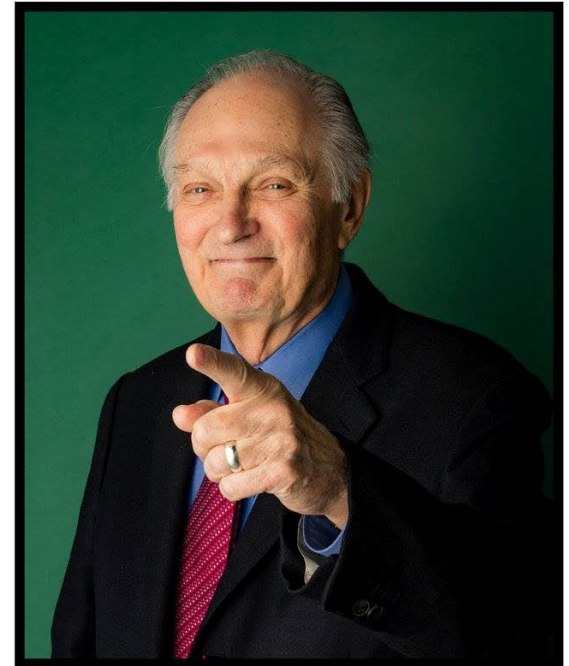

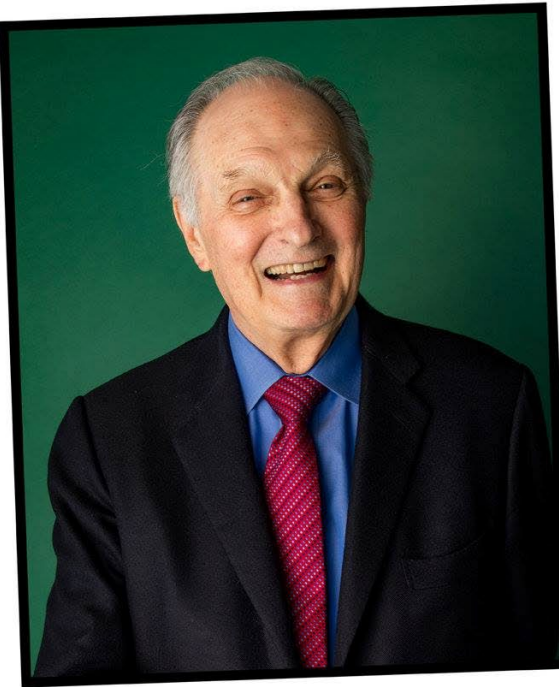

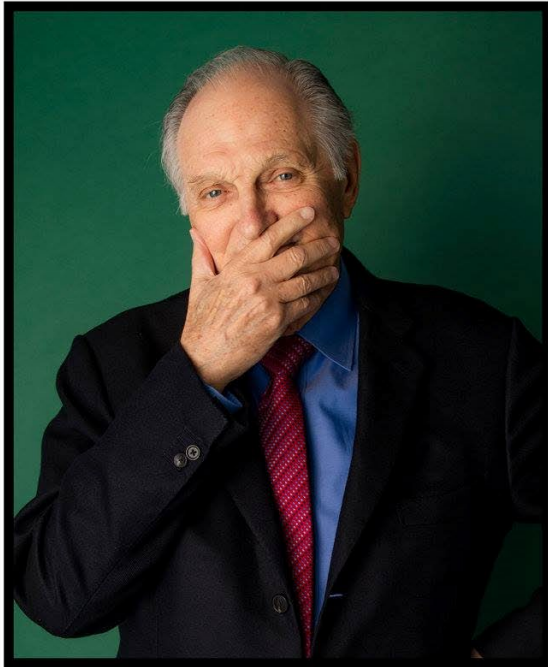

Partnerships, Collaboration & Engagement

From: Collaboration in Complex Systems: Multilevel Network Analysis for Community-Based Obesity Prevention Interventions
[McGlashan](#), et al., [Scientific Reports](#) volume 9, Article number: 12599 (2019)

Some Thoughts on Empathy
