# **Achieving Excellence in the Diagnosis of Acute Cardiovascular Events**

**A VIRTUAL WORKSHOP  
April 23, 2021**

# Workshop Series on Achieving Diagnostic Excellence

- Sepsis (August 27, 2020)
- Acute Cardiovascular Events (April 23, 2021)
- Cancers (summer 2021)

<https://www.nationalacademies.org/our-work/advancing-diagnostic-excellence-a-workshop-series>

# Workshop Overview

- ❖ The workshop will examine the current scientific landscape and research opportunities for improving diagnosis of acute cardiovascular events (particularly acute coronary syndrome, stroke, and pulmonary embolism) within the U.S. health care system.
- ❖ Topics for invited presentations and discussions include:
  - The vision for excellence in diagnosis of acute cardiovascular events,
  - Challenges and opportunities in diagnosis,
  - System improvement strategies for diagnosis,
  - Disparities in diagnosis and strategies to promote equity,
  - Diagnostic pathways, and
  - Novel tools for diagnosis.

# Planning Committee Members

**Andrew B. Bindman (Chair)**, Kaiser Permanente

**Pascale Carayon**, University of Wisconsin-Madison

**Gari D. Clifford**, Georgia Institute of Technology & Emory University

**Kirsten Bibbins-Domingo**, University of California, San Francisco

**Marina Del Rios**, University of Illinois

**Kathryn McDonald**, Johns Hopkins University

**Robert Neumar**, University of Michigan

**Saul Weingart**, Rhode Island Hospital

# Sponsor

**Gordon and Betty  
Moore Foundation**

National Academies  
Staff:

Emily Zevon

Erin Balogh

Cyndi Trang

Ruth Cooper

Anesia Wilks

Sharyl Nass

# Agenda

- **Welcome and Opening Remarks**
- **Session 1** Overview of Diagnosis in Acute Coronary Syndrome, Stroke, and Pulmonary Embolism
- **Session 2** System Improvement Efforts for Diagnosing Acute Cardiovascular Events
- **Session 3** Equity in Diagnosis and Strategies to Mitigate Disparities

Please use the discussion box below the Webinar livestream to submit questions.

# Agenda

- **Session 4** Settings of Care and Diagnostic Pathways for Acute Cardiovascular Events
- **Session 5** Novel Diagnostic Tools and Strategies for Acute Cardiovascular Events
- **Session 6** A Vision for the Future of Diagnosis of Acute Cardiovascular Events
- **Workshop Wrap Up**

Please use the discussion box below the webinar livestream to submit questions.
