The Headlines

Coronavirus spares one neighborhood but ravages the next. Race and class spell the difference. USA Today-May 3, 2020

“COVID is just unmasking the deep disinvestment in our communities, the historical injustices and the impact of residential segregation,” said Camara Jones, MD, a family physician, epidemiologist, and visiting fellow at Harvard University.

THE MISSING PIECE

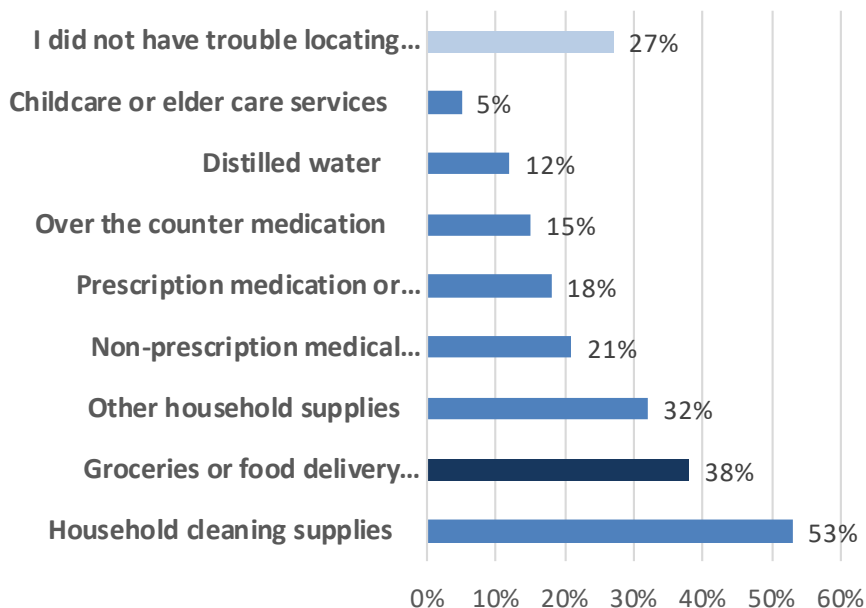

“We can reduce health disparities and better connect people to high-quality medical care, but to really make a difference, we need to address the **social determinants of health** and equity that protect some people and push others off the cliff.”

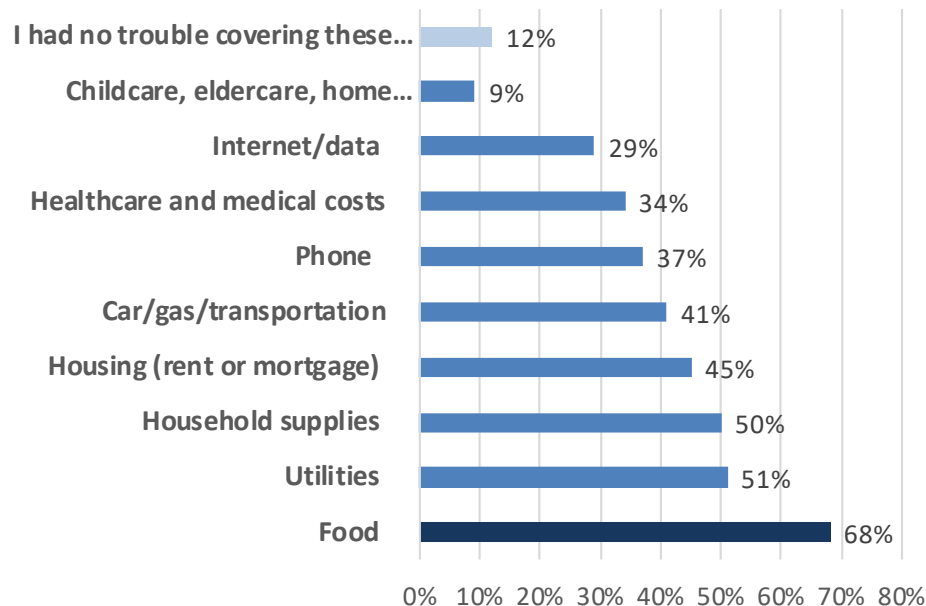

Camara Phyllis Jones, MD, MPH, PhD
