

Lifetime Earning Potential and the Pediatric Subspecialty Workforce

Eva Catenaccio, MD. The Children's Hospital of Philadelphia. Philadelphia, PA.

In collaboration with:

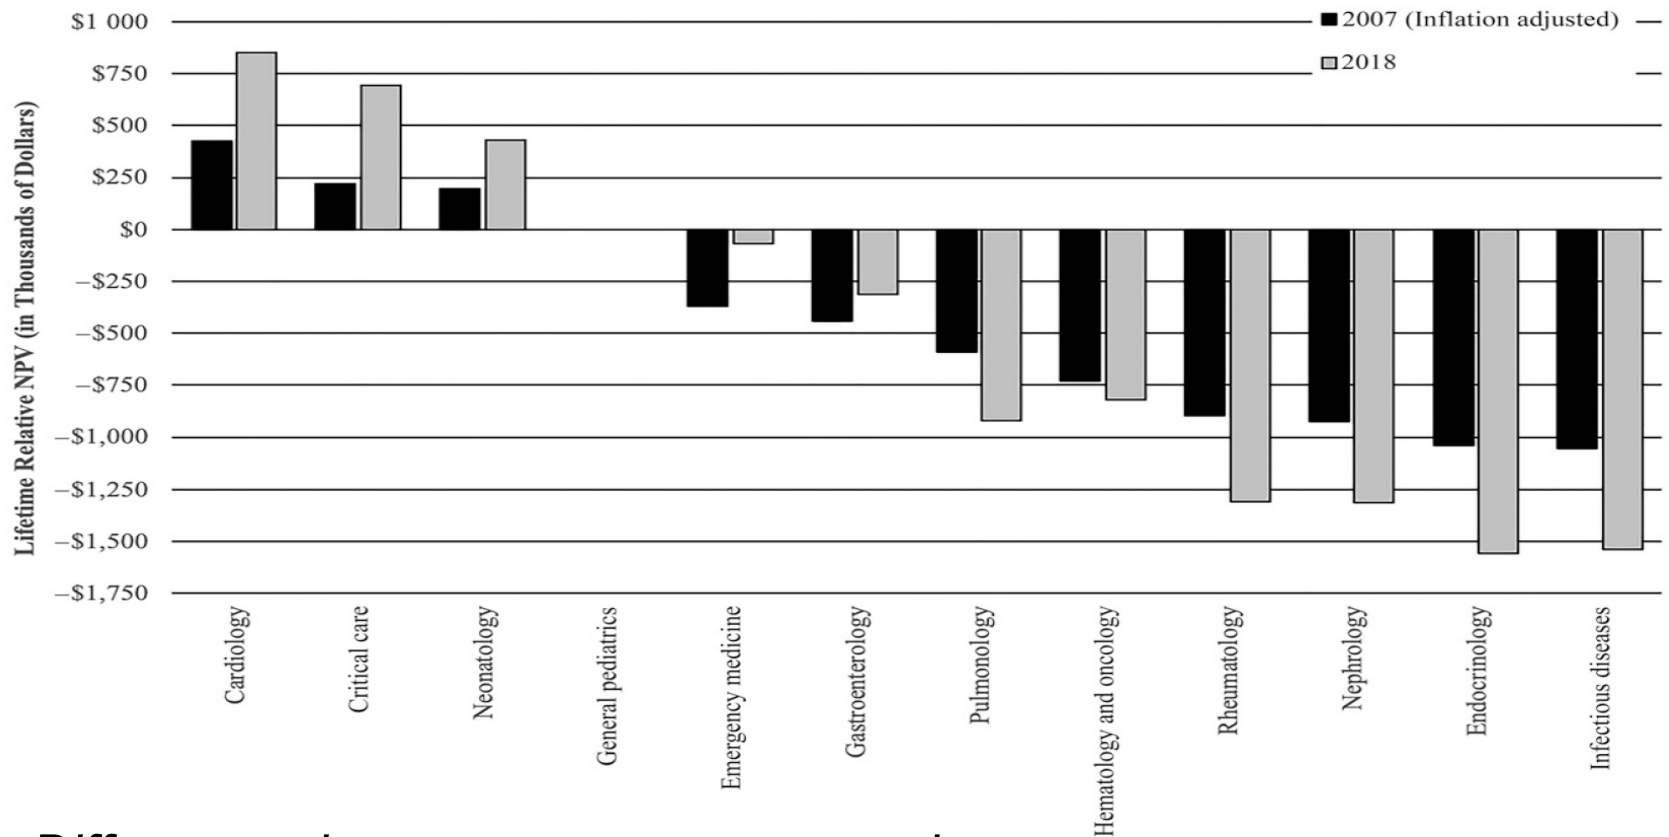

Jonathan Rochlin, MD. Maimonides Medical Center, Brooklyn, NY.

*Harold Simon, MD MBA. Emory University School of Medicine and
Children's Healthcare of Atlanta, Atlanta, GA.*

Presentation for the National Academy of Engineering and Sciences, July 18th, 2022

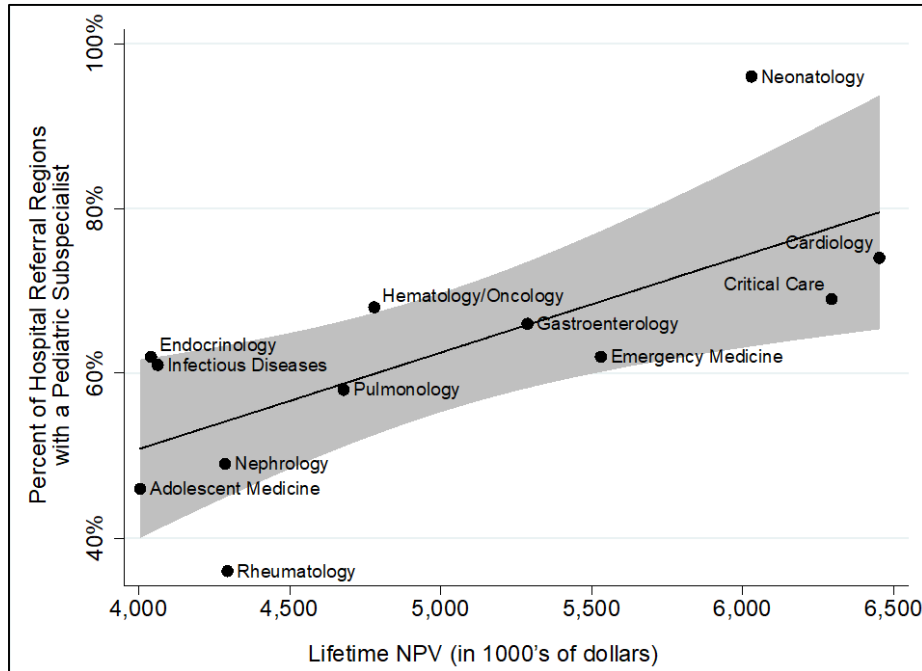

Are the Gaps Widening? Earning Potential in 2007 vs. 2018

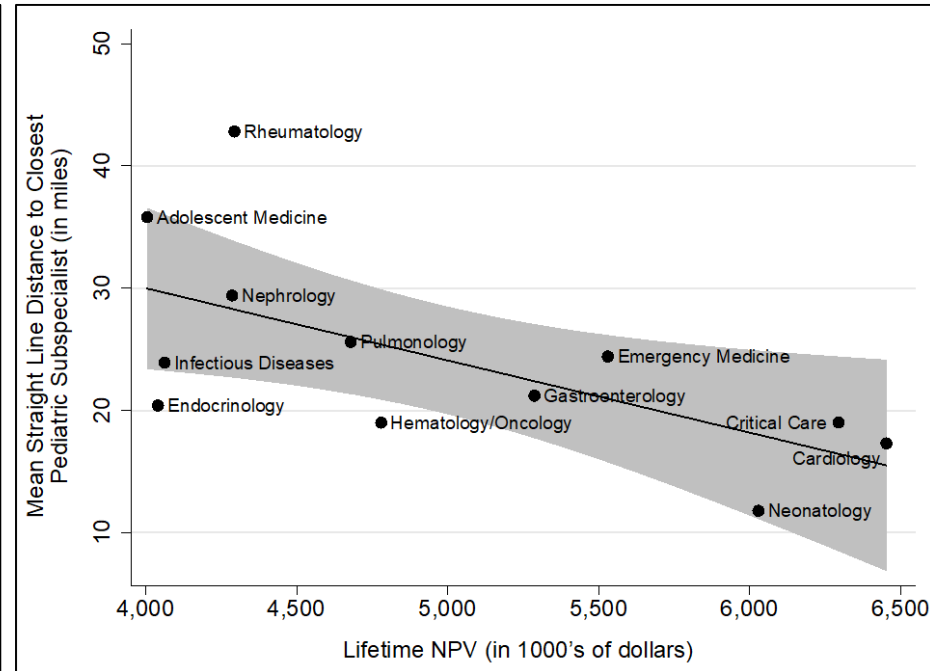

- *Differences became more pronounced*
- *Spread between highest to lowest earning subspecialties:*
 - *>\$1.4 Million in 2007/2008*
 - *>\$2.3 million in 2018/2019*

Earning Potential and Current Pediatric Subspecialty Workforce Distribution

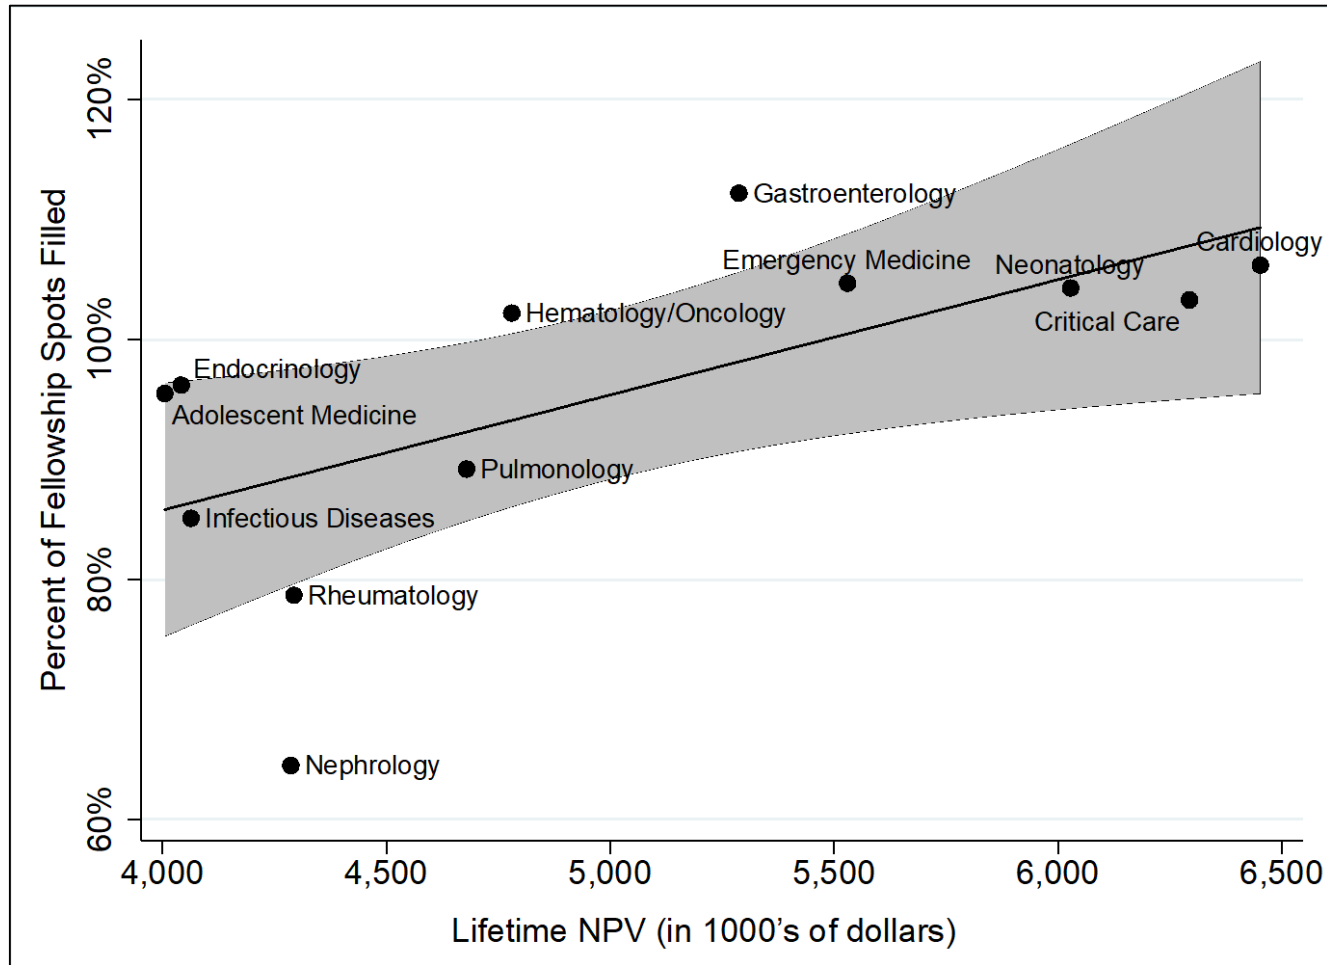

+1.2% of hospital referral regions with a subspecialist for every \$100,000 increase in Lifetime NPV (95% CI 0.3 to 2.0)

-0.59 miles to closest subspecialist for every \$100,000 increase in Lifetime NPV (95% CI -1.1 to -0.09).

Lifetime Earning Potential and the Future Pediatric Subspecialty Workforce

+1.0% spots filled for every \$100,000 increase in Lifetime NPV (95% CI 0.2 to 1.8).
