How do we address the unmet needs of older adults? Foundation support can create an alliance between an academic medical center and community-based agencies.

- Incentives
 - Foundation – Recognition, Mission enhancement
 - Agencies – Access to scarce resources for clients and support for staff
 - Academic Medical Center – Expanded teaching, training, billable services CART (Clin, Admin, Res, Teach/Train)
- Necessary Outcomes
 - Foundation – Recognition, Mission fulfillment
 - Community Agencies and Academic Medical Centers – Sustainability, Viability

Community Based Agency Partners

- Margaret Tietz Center for Nursing and Rehabilitation
- Kings Harbor Multicare Center
- SelfHelp Program for Holocaust survivors and the Marion and Aaron Gural Jewish Community Center
- Montefiore Home Care Agency
- Jewish Association of Services to the Aged
- Naturally Occurring Retirement Community

Foundation Support to the Division of Geriatric Psychiatry for Community Based Partnerships

- New York Foundation for Eldercare (Forchheimer Foundation)
 - Geriatric Training in a Teaching Nursing Home 1984
- United Jewish Appeal-Federation
 - Naturally Occurring Retirement Community 1998
 - Home Care 2004
 - Holocaust survivors 2010
- Butler Foundation
 - Holocaust survivors 2000
- Irving Weinstein
 - Naturally Occurring Retirement Community 1999
- United Hospital Fund, NY Community Trust
 - Naturally Occurring Retirement Community 2005

Conclusion

- Bridging a geriatric psychiatry department with a community-based organization
 - **Facilitates** bringing services to seniors
 - **Reaches** a traditionally underserved population of ethnically diverse and frail older adults
 - **Trains** geriatric workforce in various community engaged care models
 - **Creates** opportunities to work in inter-organizational teams

- Nurtured a longstanding partnership with unique programming and diverse grant sources
- *Created bridge that will continue to thrive and evolve for years to come.*
