AUTOMATED EXPORTING AND DISSEMINATION OF DATA

GENERATING PERMISSION-RESPONSIVE DASHBOARDS

Benefits of a Common Operating Platform

Critical to any operation or response is providing the right access to the right information at the right time.

Benefits of a Common Operating Platform

DCIPHER/HHS Protect have significantly enhanced CDC's readiness and response position on response data science, increasing partner collaboration, accessibility, and data sharing more quickly than ever before.

Thank you!
