

# ***Juvenile Justice Reform and Reinvestment Initiative (JJRRI)***

## ***Innovations in Design and Utilization of Measurement Systems to Promote Children's Cognitive, Affective and Behavioral Health Workshop***

**Institute of Medicine and National Research Council  
of the National Academies**

**November 6, 2014**

# ***WHAT IS JJRRI?***

A practical but comprehensive approach to reforming the juvenile justice system using a research-based data-driven decision-making platform to inform system improvements and service delivery.

## **Results:**

- Improved outcomes for youth
- Cost effectiveness

# WHY JJRRI?

Early intervention with youth is less expensive and more effective.

For youth involved in the juvenile justice system, research shows that interventions focusing on control (e.g. detention) are less effective than therapeutic approaches for reducing recidivism.

The deeper a youth goes into the juvenile justice system the more likely a youth is to reoffend.

## ***OMB Partnership Fund for Program Integrity***

- **JJRI selected as an Innovation Pilot**
- **Funding provided at 3.45 Million Total**

### **OJJDP allocated**

- **2 Million to 3 Jurisdictions for 3 year project period**
- **Approx. 700K for Pilot Sites**
- **560K for TTA from the model developers**
- **700K for Evaluation**

# ***Partners***

## **Federal Team**

- **US DOJ's Office of Juvenile Justice and Delinquency Prevention (OJJDP)**
- **Office of Management and Budget's Partnership Fund**

## **Pilot Sites**

- **Delaware**
- **Iowa (1<sup>st</sup>, 3<sup>rd</sup> and 6<sup>th</sup> judicial districts)**
- **Milwaukee, Wisconsin**

## **Technical Assistance Team**

- **Georgetown University's Center for Juvenile Justice Reform**
- **Vanderbilt University's Peabody Research Institute**

## **Evaluation and Cost Team**

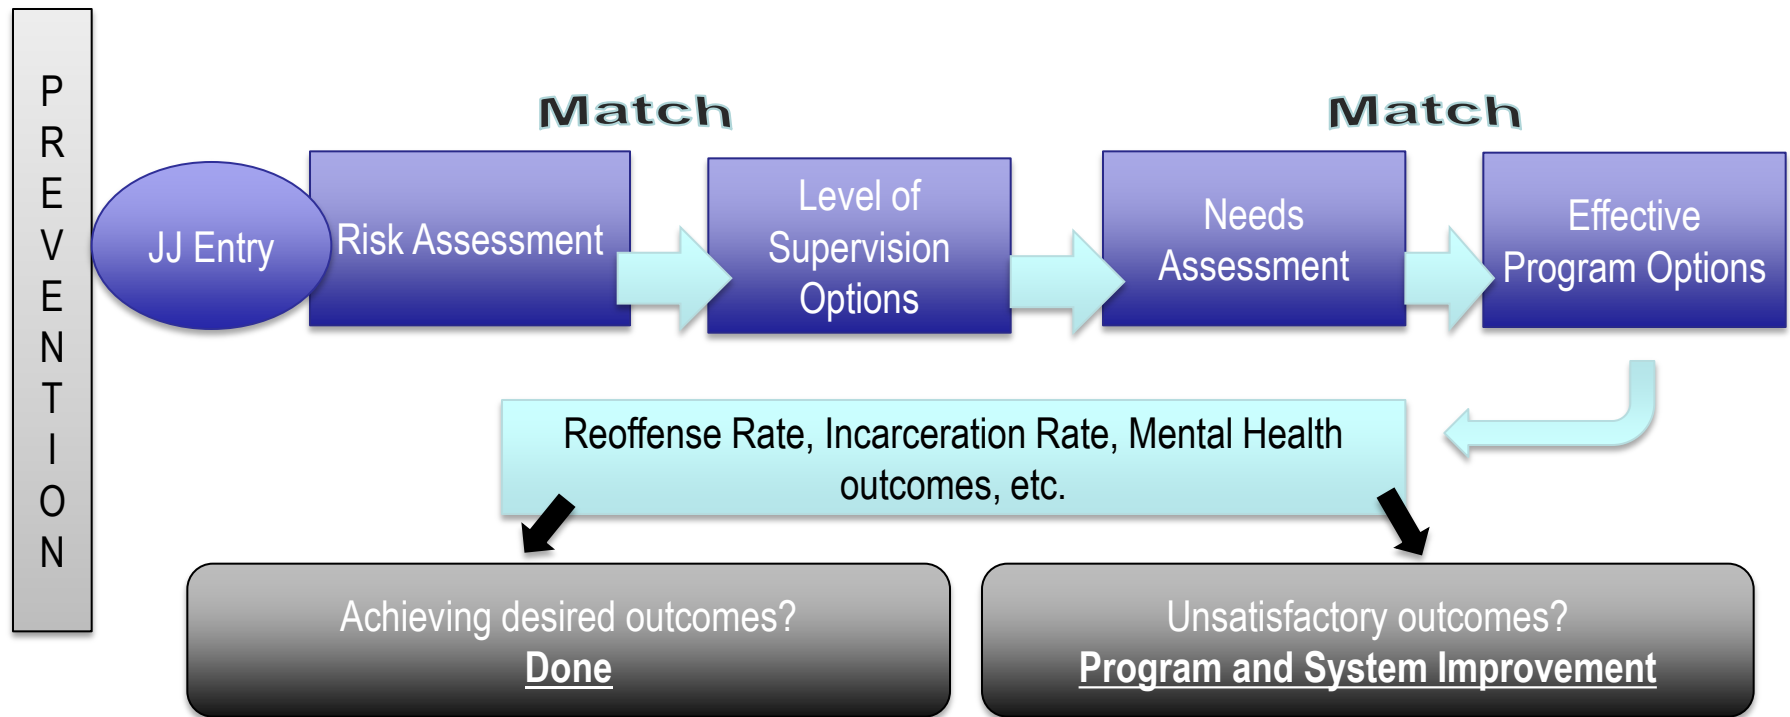

- **Urban Institute's Justice Policy Center**

# ***Goals of the JJRRI***

- **Short-term outcomes:**
  - Improved SPEG scores
  - Improved Matching of Youth to Services
  - System Improvements
  - Reinvestment of cost savings to front end
- **Long-term outcomes:**
  - Decreased recidivism rates and improved outcomes for youth
  - Improved cost effectiveness of juvenile justice services, and
  - Reduction in public cost and reinvestment in community services

# Creating an Evidence Based Operating Platform

# ***Elements of the JJRRI—The How Implementation***

- **Installation of Program Rating Instrument**
  - ***The Standardized Program Evaluation Protocol (SPEP)***
  - ***Data Gathering—Recidivism Rates/Program Placement and Elements***
- **SPEP Score 1**
- **Program Improvement**
- **SPEP Score 2**
- **System Alignment:**
  - ***Service Map; Dispositional Matrix; Data Capacity; Risk and Needs Matching; and Reinvestment***

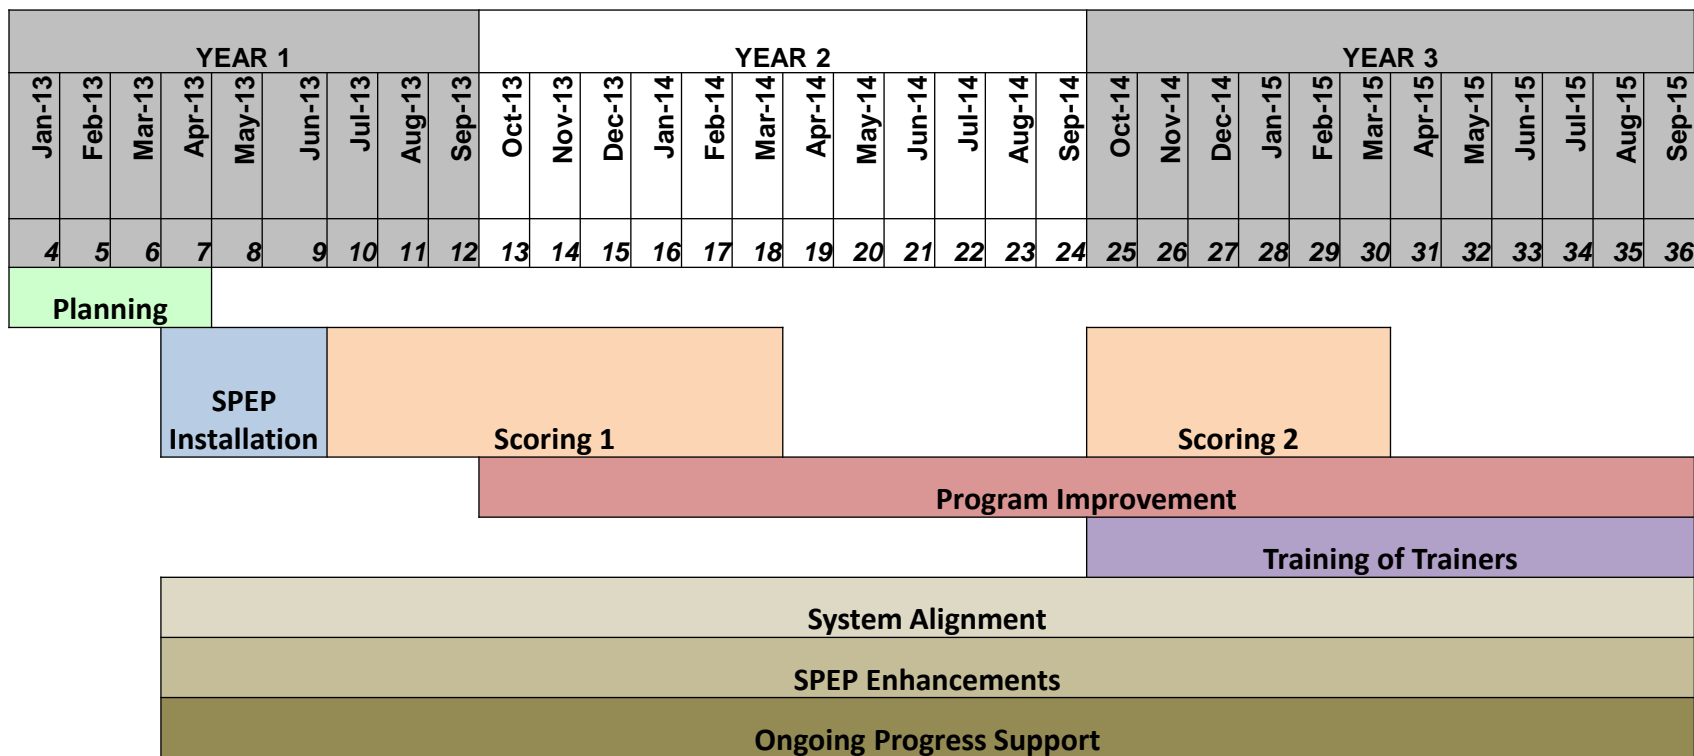

# ***Elements of the JJRRI—The How***

## **Evaluation**

- **Cost-Benefit Analysis**
- **Monitoring Recidivism**
- **Monitoring Program Improvements (SPEP scores)**

# TIMELINE

# ***SPEP***

## ***-The Standardized Program Evaluation Protocol***

***SPEP is a rating process developed by Mark Lipsey at Vanderbilt University's Peabody Research Institute***

- Meta-analysis of over 600 intervention studies and growing
- Took research on all evidence-based programs (EBPs) identified to reduce recidivism
- Identified and analyzed the characteristics of these EBPs programs
- Created profiles of effective programs by program type

**SPEP assesses how well current program practice matches the profile of programs with research evidence for effectiveness**

# ***SPEP***

## ***-The Standardized Program Evaluation Protocol***

### **Ratings Elements Cover Four Key Areas:**

- **Program or Service Type**
- **Quality of Service Delivery**
- **Amount of Service**
  - **Duration**
  - **Intensity of Contact (face-to-face, group, etc)**
- **Risk Level of Youth Served**

## ***Purpose and Use of SPEP Process***

- Classify programs into SPEP Program Types**
- Rate/evaluate generic community programs against the criteria determined effective in EBP's to reduce recidivism.**
- Determine a SPEP Score**
- Identify areas for Program Improvement based on score**
- Re-score overtime to monitor improvements**

# ***System Alignment Approach***

- **Map Service Array**
- **Risk and Needs Assessment**
- ***Dispositional Matrix*—Guidelines and Adherence**
- **Monitor service selection and ongoing case management**
- **Reinvestment to front end outcome-driven community-based services**
- **Scale-Up and Sustainability**

## ***Dispositional Matrix***

**A structured decision-making tool for courts on dispositions for youth which.....**

***Matches risk levels and offense types to recommend a supervision level***

# Florida Department of Juvenile Justice Disposition Recommendation Matrix

(Staff must always begin with the least restrictive setting within a particular disposition category. See SDM guidelines)

Most Serious Presenting Offense	PACT Risk Level to Re-Offend			
	Low-Risk to Re-offend	Moderate-Risk to Re-offend	Moderate/High-Risk to Re-offend	High-Risk to Re-offend
1st TIME MISDEMEANOR <sup>1</sup>	Level 1	Level 1	N/A	N/A
Minor <sup>2</sup>	Level 2 or 3a	Level 2 or 3a	Level 2 or 3a-c	Level 3a-c or 4
Serious <sup>3</sup>	Level 2 or 3a	Level 2 or 3a-b	Level 3a-c or 4	Level 3a-c or 4
Violent <sup>4</sup>	Level 2 or 3a-b	Level 2, 3a-c or 4	Level 3a-c, 4 or 5	Level 3a-c, 4 or 5

<sup>1</sup> - First time misdemeanor offenders with no history of arrest or participation in alternatives to arrest. Under Section 985.12, Florida Statutes, all first time misdemeanants are eligible for civil citation. Youth deemed ineligible for civil citation (based on community standards) should be reviewed under the "Misdemeanor" category based on their PACT Risk Level to Reoffend.

<sup>2</sup> - All misdemeanor offenses.

<sup>3</sup> - Felony offenses that do not include violence.

<sup>4</sup> - Violent felony offenses (does not include misdemeanor assault/battery, which is captured under "minor").

**Level 1** - Alternatives to Arrest

**Level 2** - Diversion & Non-DJJ Probation

**Level 3** - Community Supervision

**Level 4** - Non Secure Residential Commitment (Low & Moderate-Risk Programs)

**(3a)** - Probation supervision

**Level 5** - Secure Residential Commitment (High & Maximum-Risk Programs)

**(3b)** - Probation enhancement services (ART, LifeSkills, etc.)

**(3c)** - Day Treatment, MST, FFT

# *Following the Dispositional Guidelines Reduces Recidivism*

**All Youth 12 Month Recidivism by  
Matrix Adherence Level**

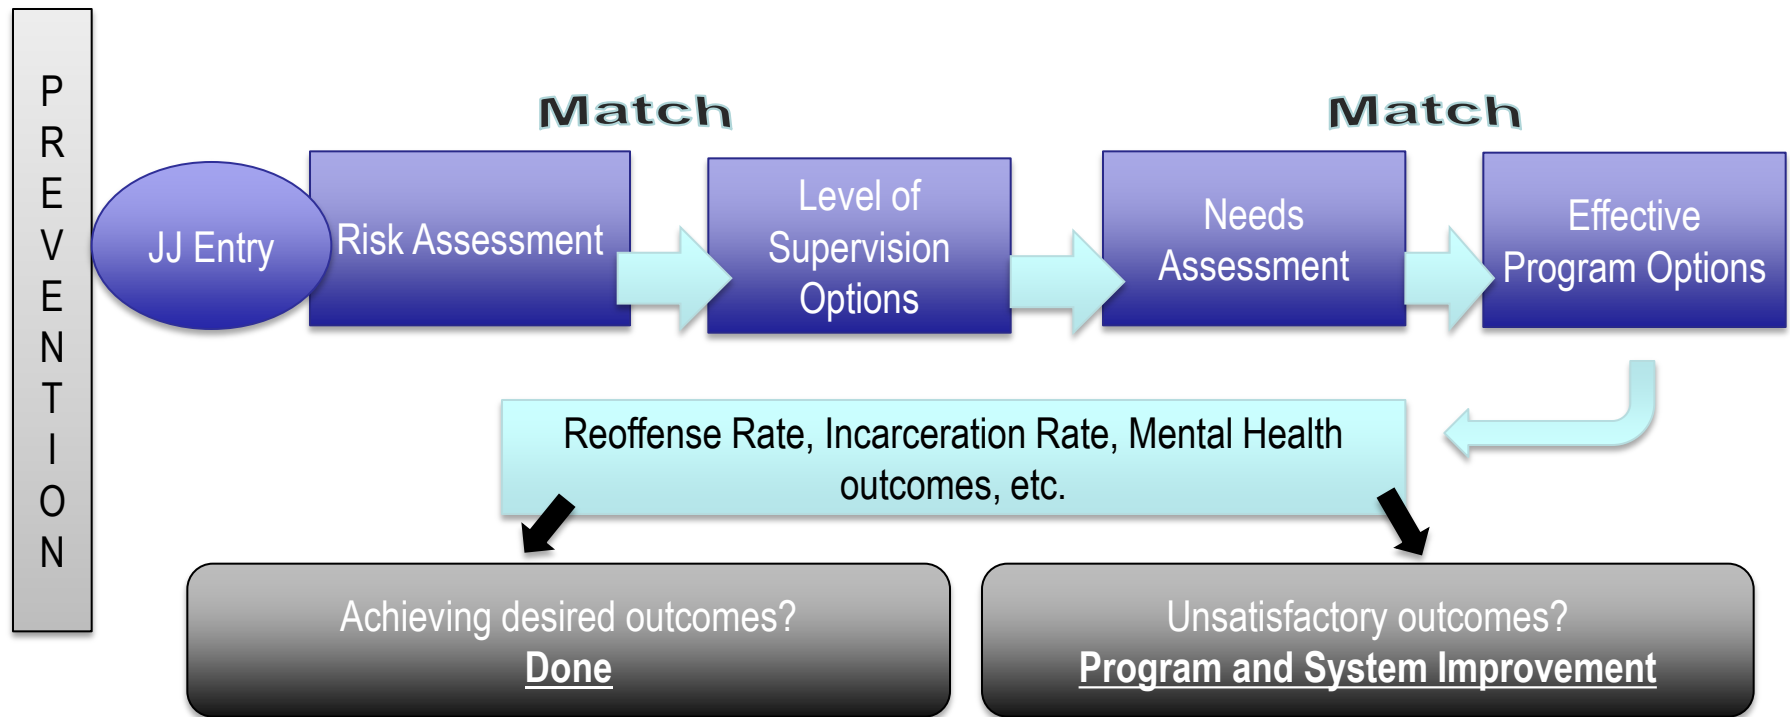

## ***Dispositional Matrix***

- Matrix is tailored to each jurisdiction
- Guides judicial process but does not replace *judicial discretion*.
- Judges make decisions based on individual cases
- Data documents the impact of consistently going outside of the guidelines and the value of adherence
- Provides feedback on system reform process and reinvestments
