

BOARD ON POPULATION HEALTH AND PUBLIC HEALTH PRACTICE

Roundtable on Population Health Improvement and the ASTHO-Supported PC-PH Collaborative¹

Workshop: Opportunities at the Interface of Health Care and Public Health

February 5, 2015

AGENDA

Location: National Academy of Sciences, Lecture Room
2101 Constitution Avenue NW, Washington, DC

WORKSHOP OBJECTIVES:

- (1) Discuss and describe the elements of successful collaboration between health care and public health organizations and professionals
- (2) Reflect on the five principles of primary care-public health integration (which can be applied more broadly to the health care-public health relationship): shared goals, community engagement, aligned leadership, sustainability, and data and analysis
- (3) Explore the “elephants” in the room when public health and health care interact: what are the key challenges and obstacles, and what are some potential solutions, including strengths both sides bring to the table
