

SPRINT to Stop Alzheimer's by 2020

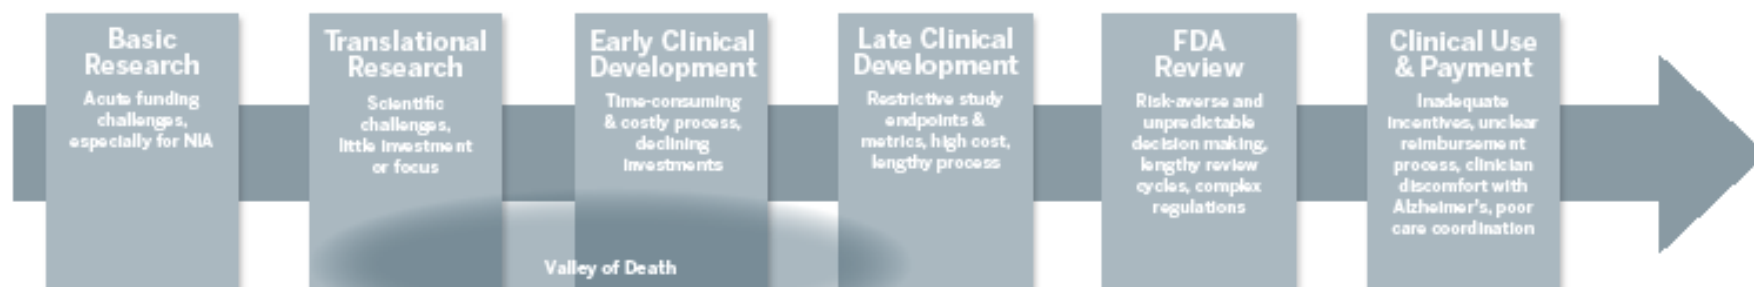

Spending Reductions through Innovations in Therapies (SPRINT)

GOAL: Stop Alzheimer's Disease by 2020

SPRINT reforms accelerate the therapeutic pipeline through new processes & tools:

- Open innovation platforms
- Collaborative problem-solving
- Public-private partnerships
- Targeted outcome-oriented investments
- Enhanced incentives for private investment
- Increased standardization & data disclosure

Today's Therapeutic Pipeline

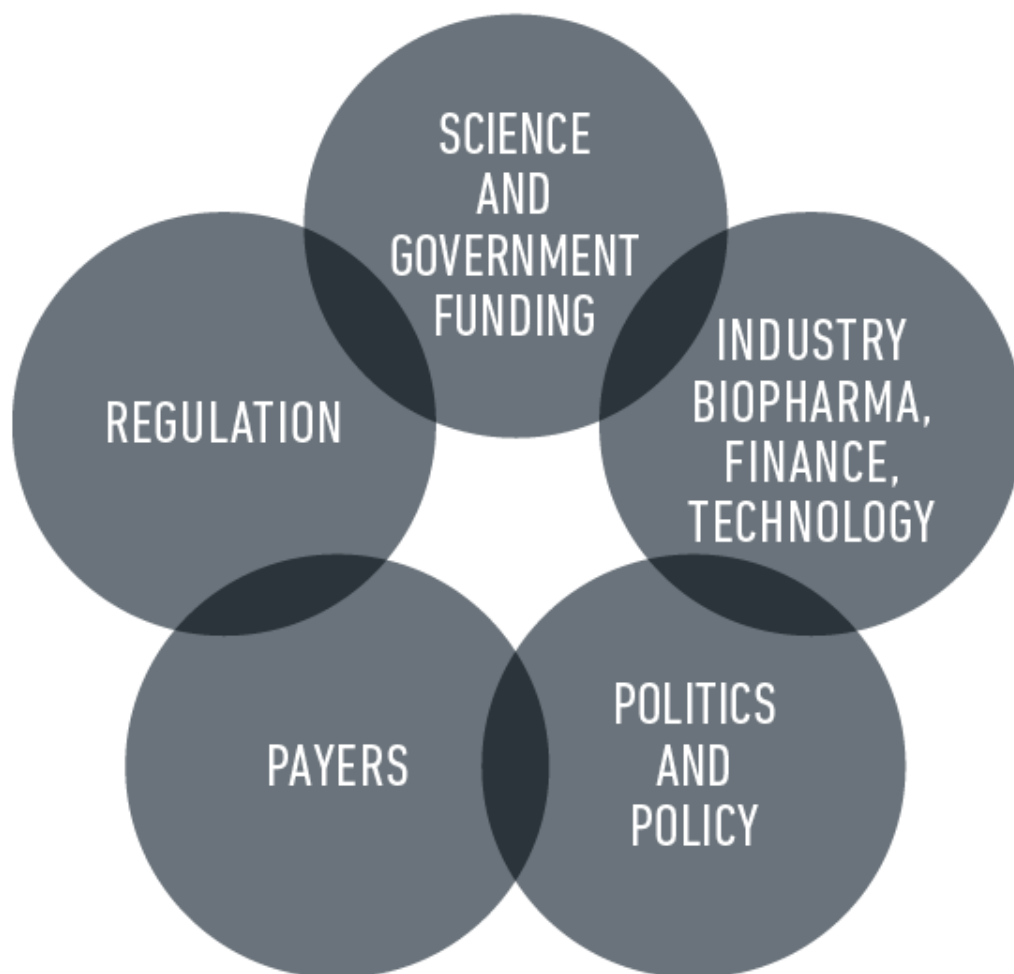

The SPRINT Difference

US Against Alzheimer's
we can stop it by 2020.

ALZHEIMER'S REQUIRES AN INTEGRATED GLOBAL SOLUTION
