

Caring for People with Serious Illness in the Home

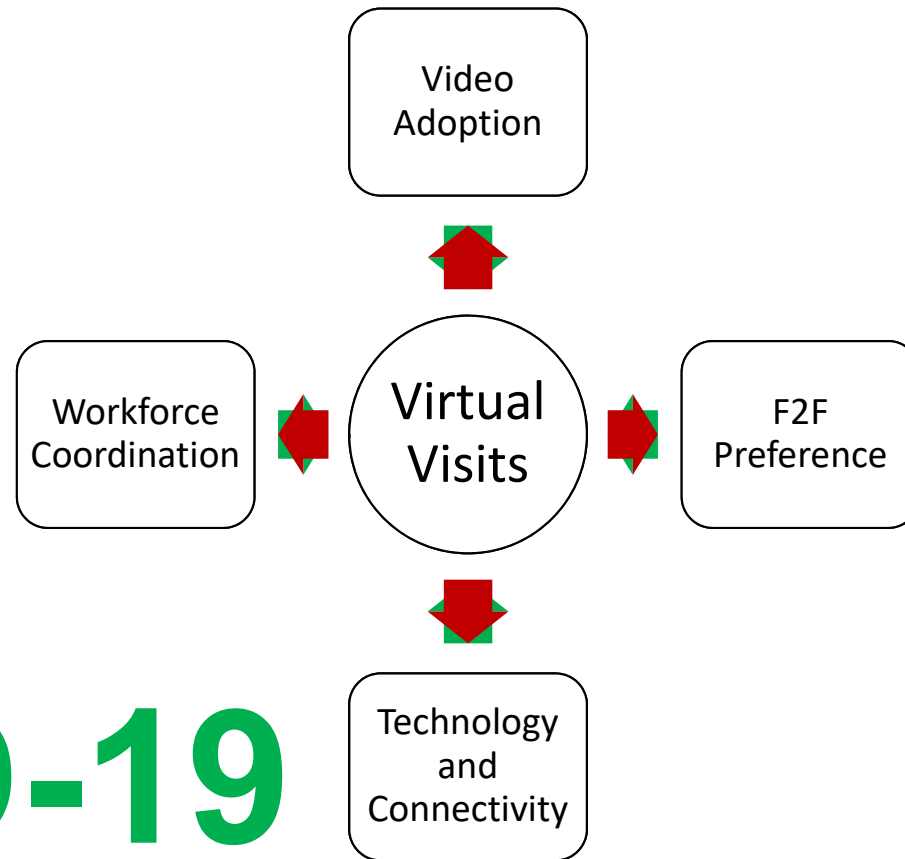

Lessons from the COVID-19
Pandemic

Susan Elizabeth Wang MD, HMDC, FAAHPM
Regional Chief, Geriatrics & Palliative Medicine
Regional Director, Life Care Planning & Serious Illness Care
Kaiser Permanente Southern California

KP Care at Home | SCAL Service Model

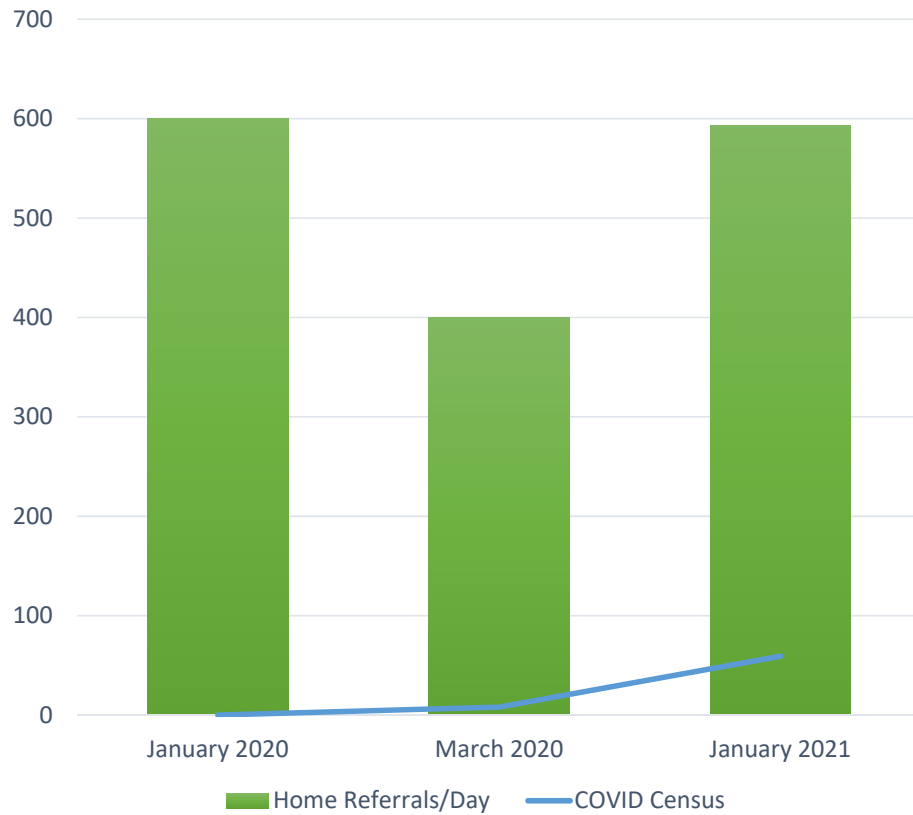

Virtual Care

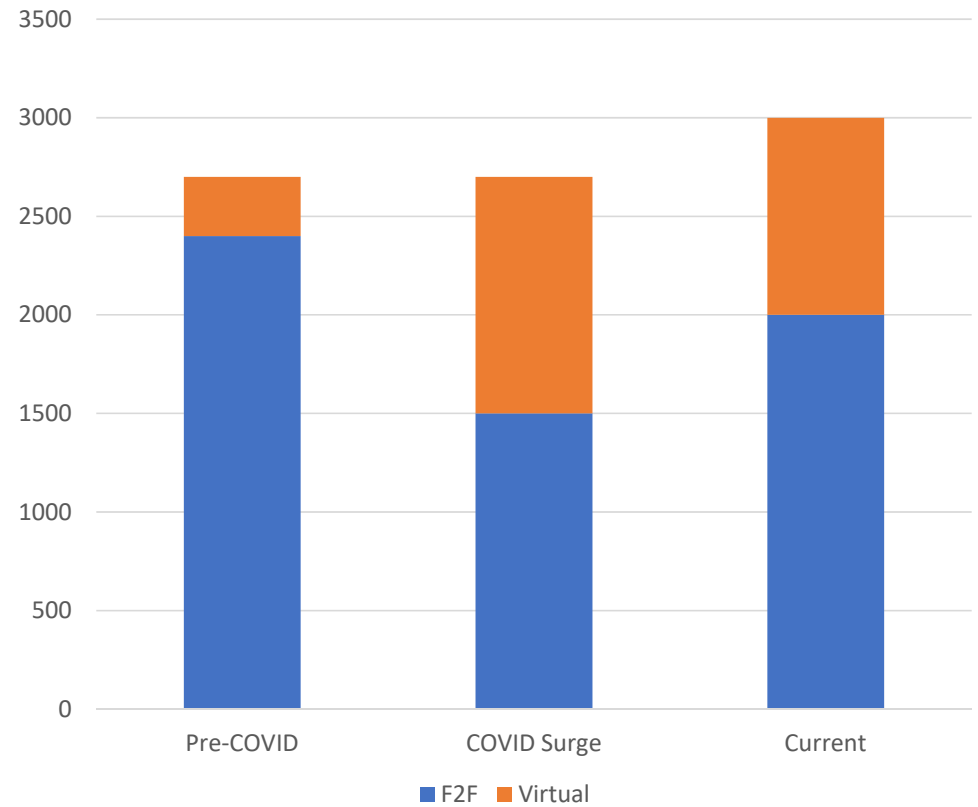

COVID-19

Operational Impact

Home Referrals / Day

Nursing Encounters / Day

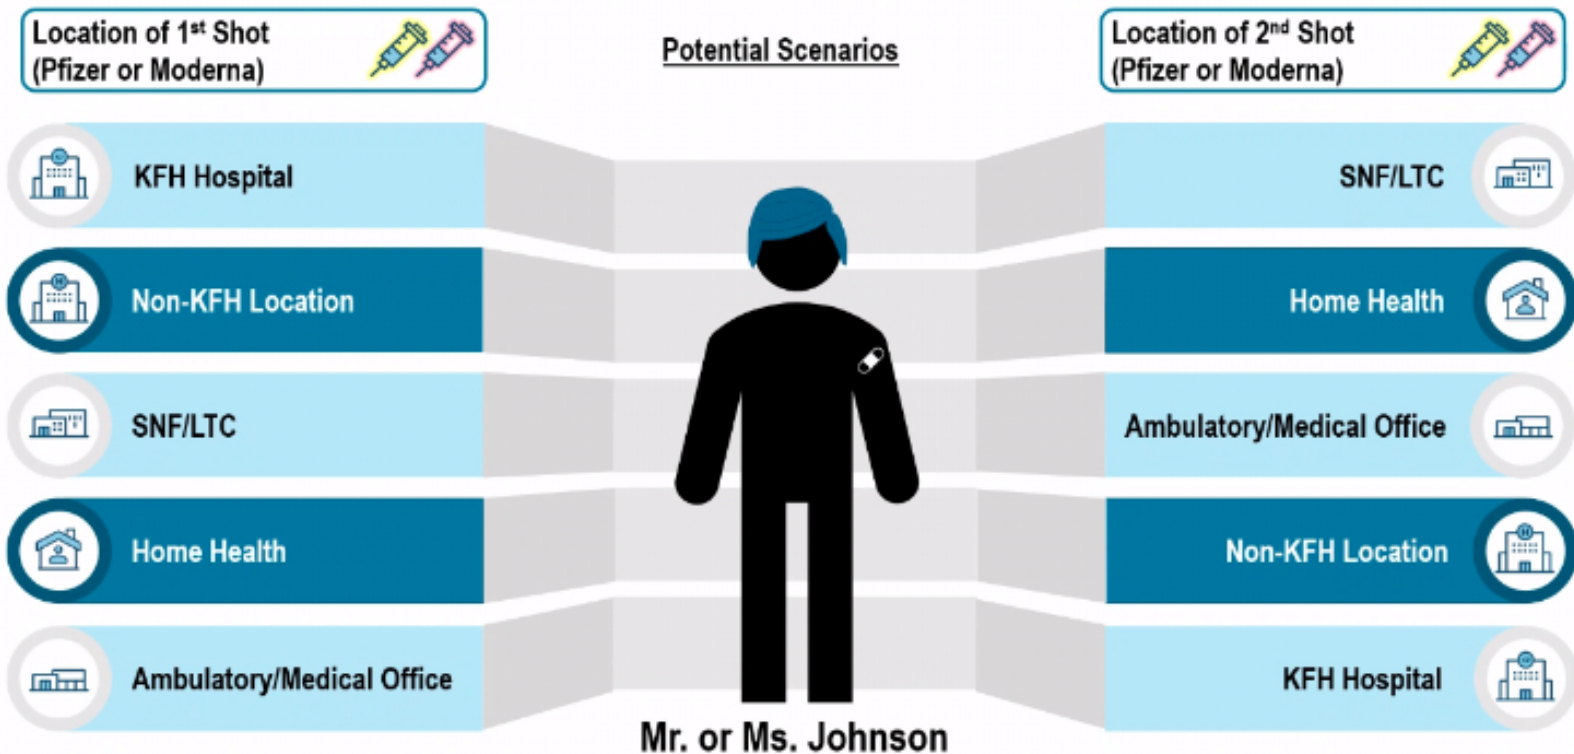

Response to COVID-19

- PPE
- Safety checks
- COVID testing
- Family caregiver support

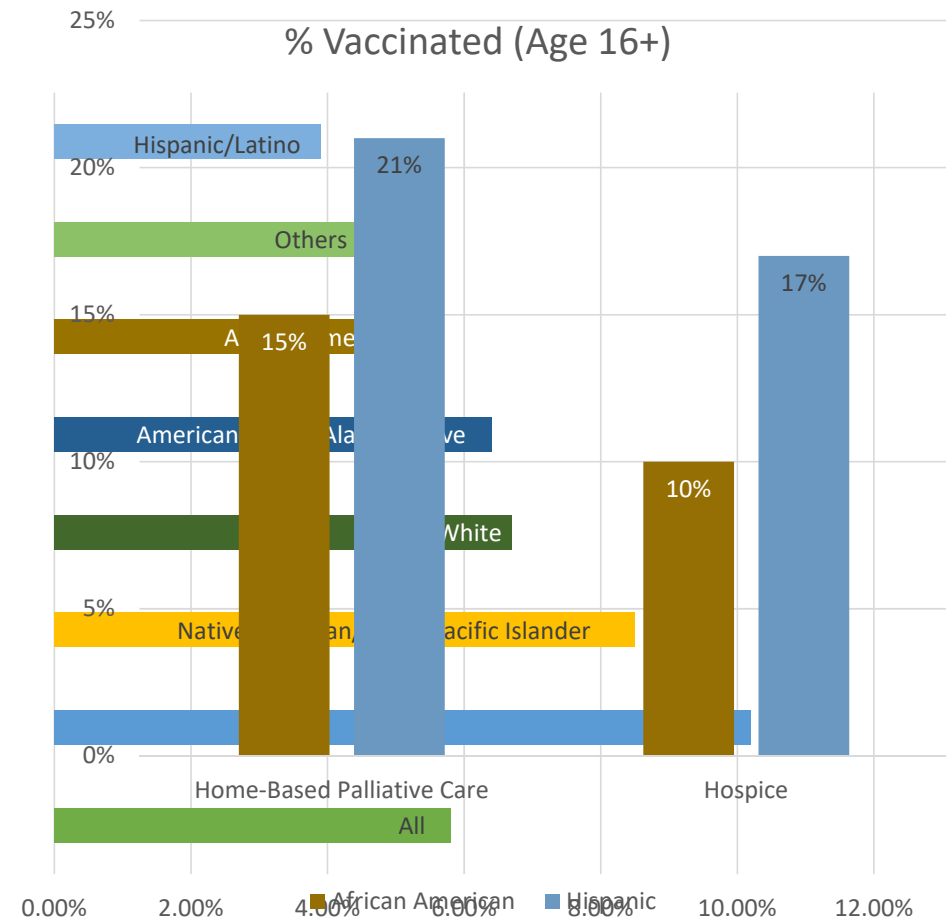

Vaccinations

Connecting the Dots: Mr. or Ms. Johnson's Journey to Getting Vaccinated

Health Equity

- Track COVID-19 vaccinations by Race, Gender, Age
- Integrate Neighborhood Deprivation Index and Charlson Comorbidity scores into allocation and outreach for those in greatest need
- Mass vaccination hubs are by appointment only for eligible persons
- Provide options in home care for people with serious illness

Lessons from the Home Front

Majority of Serious Illness care in the U.S. takes place in the homes and care facilities of our communities.

Thank you to Angel Vargas, Annet Arakelian, Huong Nguyen, Lisa Buffong for data support
