

Criteria for Community Participation in the Gulf Research Program's Enhancing Community Resilience (EnCoRe) Initiative

Panel on Alaskan Perspectives

Friday, 17 December 2021
9:00am - 12:00pm AK / 1:00 - 4:00pm ET

While we are gathered virtually, the National Academies is physically housed on the traditional land of the Nacotchtank (Anacostan) and Piscataway Conoy Nation past and present, and honor with gratitude the land itself and the people who have stewarded it throughout the generations. We honor and respect the enduring relationship that exists between these peoples and nations and this land. We thank them for their resilience in protecting this land, and aspire to uphold our responsibilities to their example.
