Session 3B: Security Track – CHALLENGES TO REGIONAL INITIATIVES

Implementing Regional Plans:

- What do they consider Regional? (FEMA, STATES, AMSC, Private Sector)
- Do you work with other port partners?
- How do you do it? (relationships, AMSC)
- Do you know how your port partner can provide support for your business?

Intelligence Sharing:

- What type of intelligence are you receiving?
- How much?
- What type of intelligence do you need? (Local crime reports, cyber vs international)
- How do you share information with State and Federal Partners?

Cross Jurisdictional Programs:

- Who's responsible and how can we work together to integrate the procurement to make it happen?
- MOU'S Do you use standard MOU's ? What issues have you encountered while executing and how did you overcome them?
