

Expanded U.S. Electron Beam Usage in Sterilization and Irradiation Applications: Assessing Opportunities and Challenges

PUBLIC AGENDA

Meeting 5: Open Data-Gathering Session

September 25, 2025

(All times are US EASTERN time.)

This panel discussion will have time for a presentation from each panelist and followed by time for a Q&A session with the study committee.

Breaks are at the discretion of the chair.

3:00 pm

Call to Order and Opening Remarks
Michael McWilliams, Committee Chair

Panel Discussion: Domestic and International Opportunities for the Growth of Accelerator and eBeam Technologies

Suresh Pillai, [National Center for Electron Beam Research \(NCEBR\)](#), Texas A&M University

Thomas Kroc, [International Irradiation Association \(iia\)](#)

[Norman Aiello](#), Gafcon PM-CM LLC

[Jeff Pelletier](#), Reveam

5:00 pm

Adjourn open session
