Holistic Design: Balancing Comfort with Efficacy

Physical Comfort

- Temperature
- Moisture
- Contact pressure
- Movement
- Airflow

Psychosocial Comfort

- Usability
- Memory/maintenance
- Aesthetics
- Social interaction

Next-Gen Products

Wear detection

Leak detection

Pathogen detection

Integrated disinfection

Active fitting

Systemic Barriers

A close-up, grayscale image of a person's face, focusing on the mouth and nose area. The person is wearing a white, pleated surgical mask that covers the lower half of their face. The mask has white elastic straps visible on the sides. The background is a plain, light color. The overall image has a soft, slightly blurred quality, emphasizing the mask as a barrier.

Interdisciplinary design processes

Testing and regulatory approval processes

Supply chain reliability
