

What's next?
What will drive innovation
in STEM
sectors?

"RADICAL"

vs*

"DEVELOPMENTAL"

INNOVATION-IN-KIND

• QUALITATIVE DIFFERENCE

- RUPTURING
- DISRUPTIVE
- WORLD MAKING
- POSSIBILISTIC
- DISCONTINUITY

INNOVATION-IN-DEGREE

• QUANTITATIVE DIFFERENCE

- INCREMENTAL
- DEVELOPMENTAL
- WORLD EXPANDING
- PROBABILISTIC
- CONTINUITY

INNOVATION

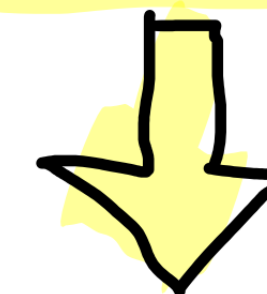

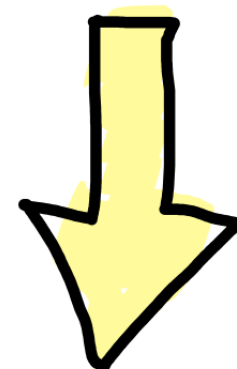

* NOTE:

- one is not "better" than the other
- they are very different
- you need both

"RADICAL"

vs*

"DEVELOPMENTAL"

the relation is not
linear - it is emergent
& ontologically unknowable

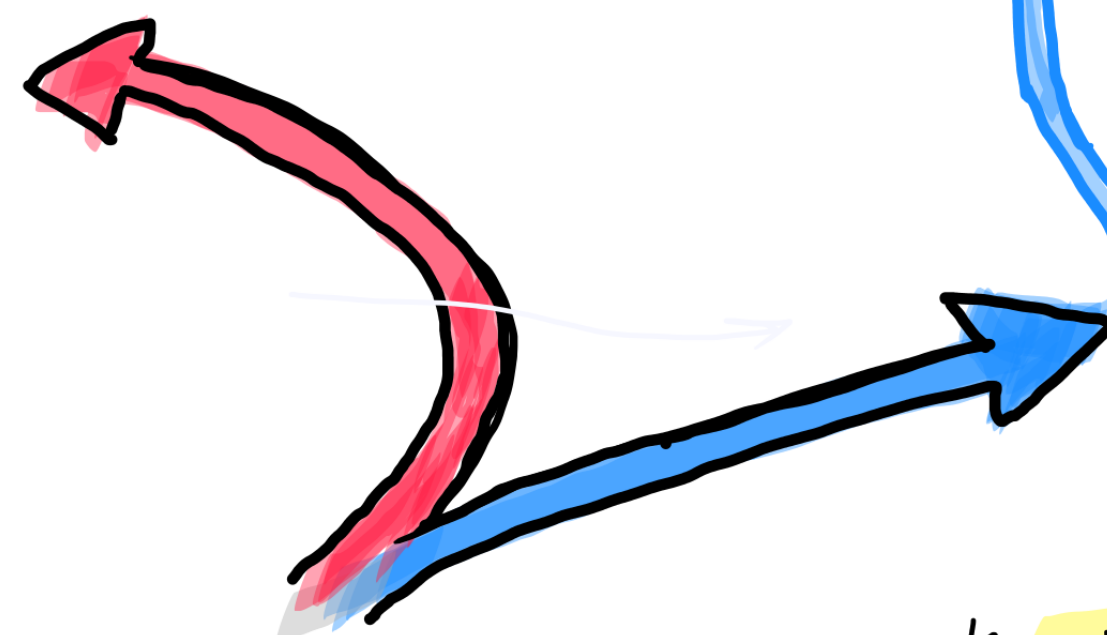

INNOVATION-IN-KIND

Here you cannot
define
"fit" or
"impact"

here you
can define
• "impact"
• "product market fit"
• standardize
