

DRAFT DISSEMINATION EVENT

WORKSHOP PROCEEDINGS: INNOVATIONS IN PHARMACY TRAINING AND SUSTAINABLE PRACTICE TO ADVANCE PATIENT CARE

AGENDA JANUARY 15, 2026

Background On May 29 & 30, 2025, pharmacists and other health professionals came together to explore priorities that could lay a foundation for pharmacy's enhanced role in improving the health and wellbeing of society. The event resulted in a [workshop proceedings](#) on priority setting for the Future of Pharmacy.

Purpose Today's dissemination event will provide a high-level overview of the discussed priority setting for the future of pharmacy, and how different pharmacy entities can work together and across professions, to advance patient care.
