

Traumatic Brain Injury: Launching A New Era of Classification

Celebrating Recent Achievements and Continued Momentum to Advance

TBI Care and Research

June 5 2025 | 4:00–6:30 PM

Advance Registration Required:

https://events.nationalacademies.org/45126_06-2025_traumatic-brain-injury-launching-a-new-era-of-classification

Keck Center Atrium
500 Fifth Street, NW, Washington, DC 20001

PURPOSE

- Celebrate the launch of the “clinical, biomarkers, imaging, and modifiers” (CBI-M) framework for more accurate and precise classification and characterization of acute traumatic brain injury. A major initiative spearheaded by the National Institute of Neurological Disorders and Stroke of the National Institutes of Health (NINDS/NIH) with the involvement of many TBI community members, people with lived experience, caregivers, practitioners, international and national scientific experts, and US federal partners.
- Highlight momentum and continued progress addressing recommendations from *Traumatic Brain Injury: A Roadmap for Accelerating Progress* (NASEM, 2022).
- Showcase collaborative progress tackling key challenges and capitalizing on emerging opportunities to address brain injury and advance brain health.

4:00 pm CELEBRATION STARTS

4:30 pm WELCOME
Victor Dzau, President, National Academy of Medicine (*video*)

4:35 pm CBI-M FRAMEWORK FOR TBI: A NEW ERA IN CARE AND RESEARCH
