May 24, 2021

Dr. Laura Stubbs, Director (She/Her/Hers)

Office of Diversity & Inclusion (OD&I)

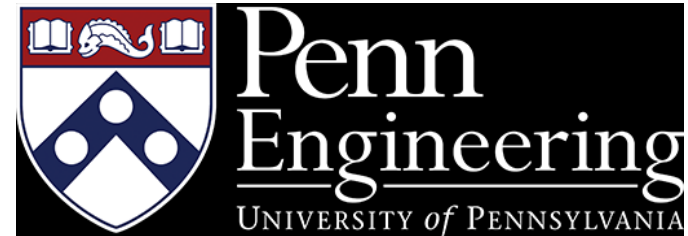

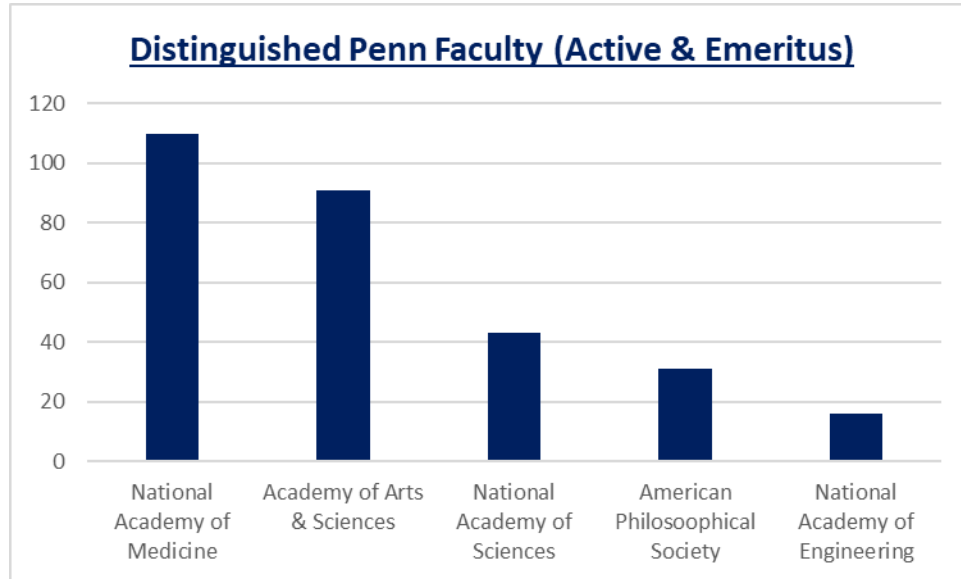

Co-Principal Investigator (Philadelphia AMP)

LSTUBBS@seas.upenn.edu

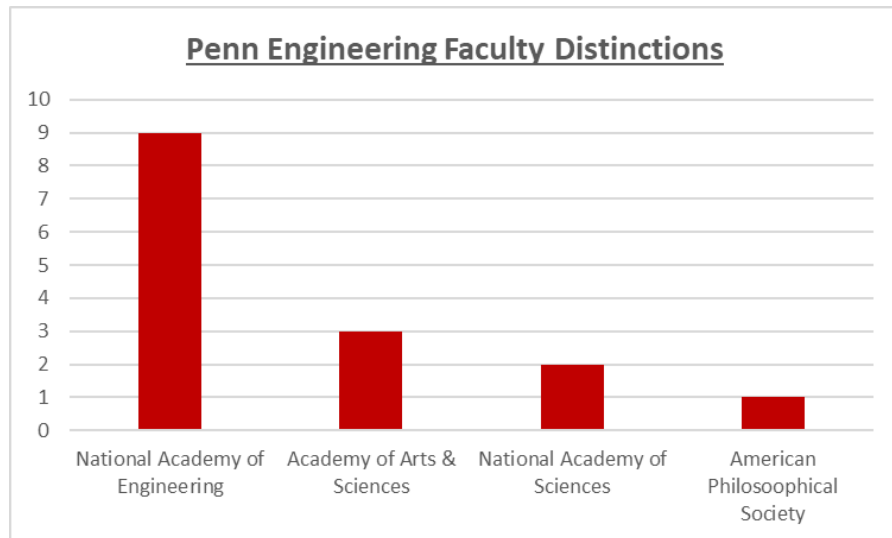

University of Pennsylvania

- STEM Research

Penn Engineering Research in Context

No. 4 in per capita research expenditures in the US

132 Faculty

750 Doctoral Students

40% of undergraduate students have had exposure to research by the time they graduate

NSF / Philadelphia AMP Collaboration

GREATER PHILADELPHIA REGION
**Louis Stokes Alliance for
Minority Participation**

- Penn is a charter member of Greater Philadelphia Louis Stokes Alliance for Minority Participation (Philadelphia AMP) since 1994
- Major benefits of collaboration with our Philadelphia AMP Partners: Drexel, Temple, University of Delaware, Delaware State, Cheyney, Lincoln, Community College of Philadelphia, or Rowan University (previously New Jersey Institute of Technology).

NSF / Philadelphia AMP Penn Program

- **Summer Undergraduate Research Program is a signature LSAMP program – STEM majors**
 - 10-week, paid research experience
 - Receive mentorship of world-renown faculty
 - Participate in weekly professional development workshops
 - Attend seminars by faculty, graduate students and alumni
 - Students from across alliance are eligible after their 1st year

CCP Summer Undergraduate Researchers

Conclusions

CCP Summer Research Participants:

- Are open to research experience
- Are STEM laboratory ready
- Build friendships and community
- Embrace future career paths
- Experience growth in technical, professional and presentation skill sets
- Appreciate the Research Symposium experience

This program builds confidence!
