NASEM COVID-19
Standing Committee
Rapid Expert
Consultations (March,
July 2020)

1. Who will receive care when not all can be treated?
2. How should limited resources be applied to managing the requirements of a catastrophic event when the health system will be unable to care for all?
3. How will clinicians make decisions related to the delivery of medical care?
4. Should the standard of care change when healthcare has to be delivered under catastrophic circumstances?

Graph 2: Relationship between supply, demand and shift in standard of care in a sustained public health emergency.
