

Supporting Children with Disabilities: Lessons from the Pandemic

A Workshop

MONDAY, JUNE 13, 2022 [12:00–3:30 PM ET]

Note: All times listed in Eastern Time

Purpose

- Explore promising approaches and innovative strategies employed during the pandemic to address challenges faced by children with disabilities and their families, including access to clinical service and treatment needs, home caregiving, and mental health treatment with an emphasis on underserved/under resourced children and families;
- Consider policies and/or practices that might be sustained or implemented beyond the pandemic to support children with disabilities and their families.
