

Macaque #s/Sources

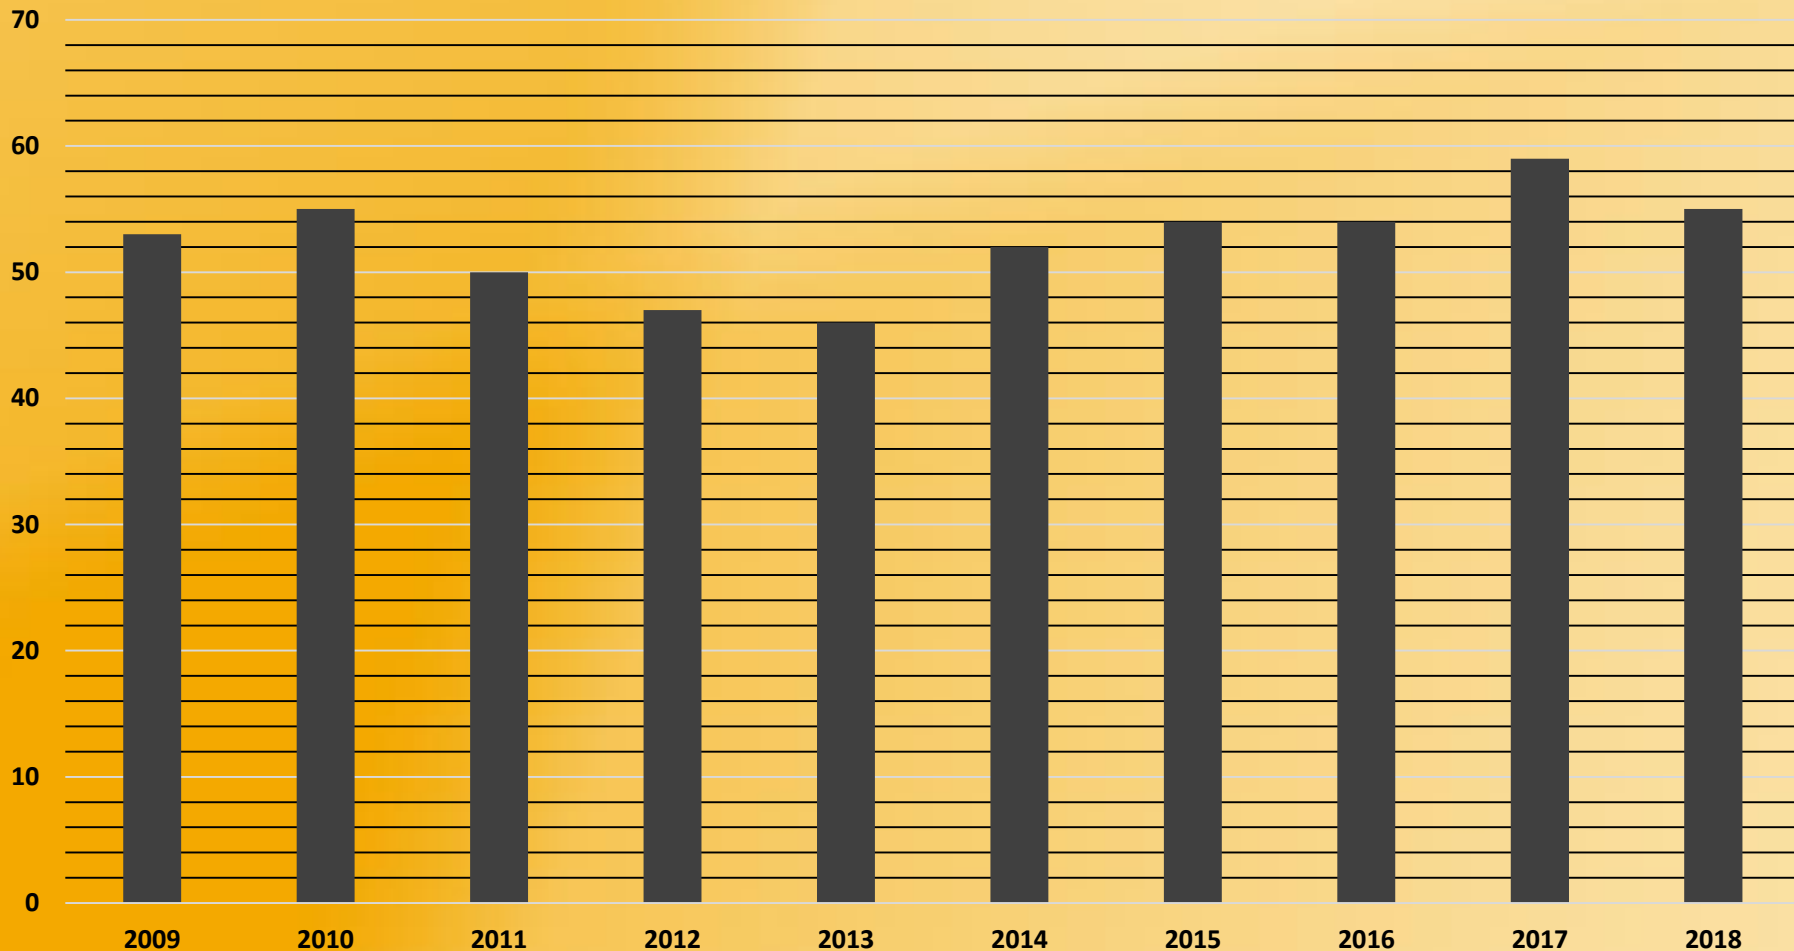

- **NPRCs**
- **NIH colonies**
- **Commercial entities**
 - **US**
 - **China**
 - **Mauritius**
 - **Cambodia**
 - **Vietnam**
 - **St. Kitts**
- **Academic institutions**

Marmoset #s/Sources

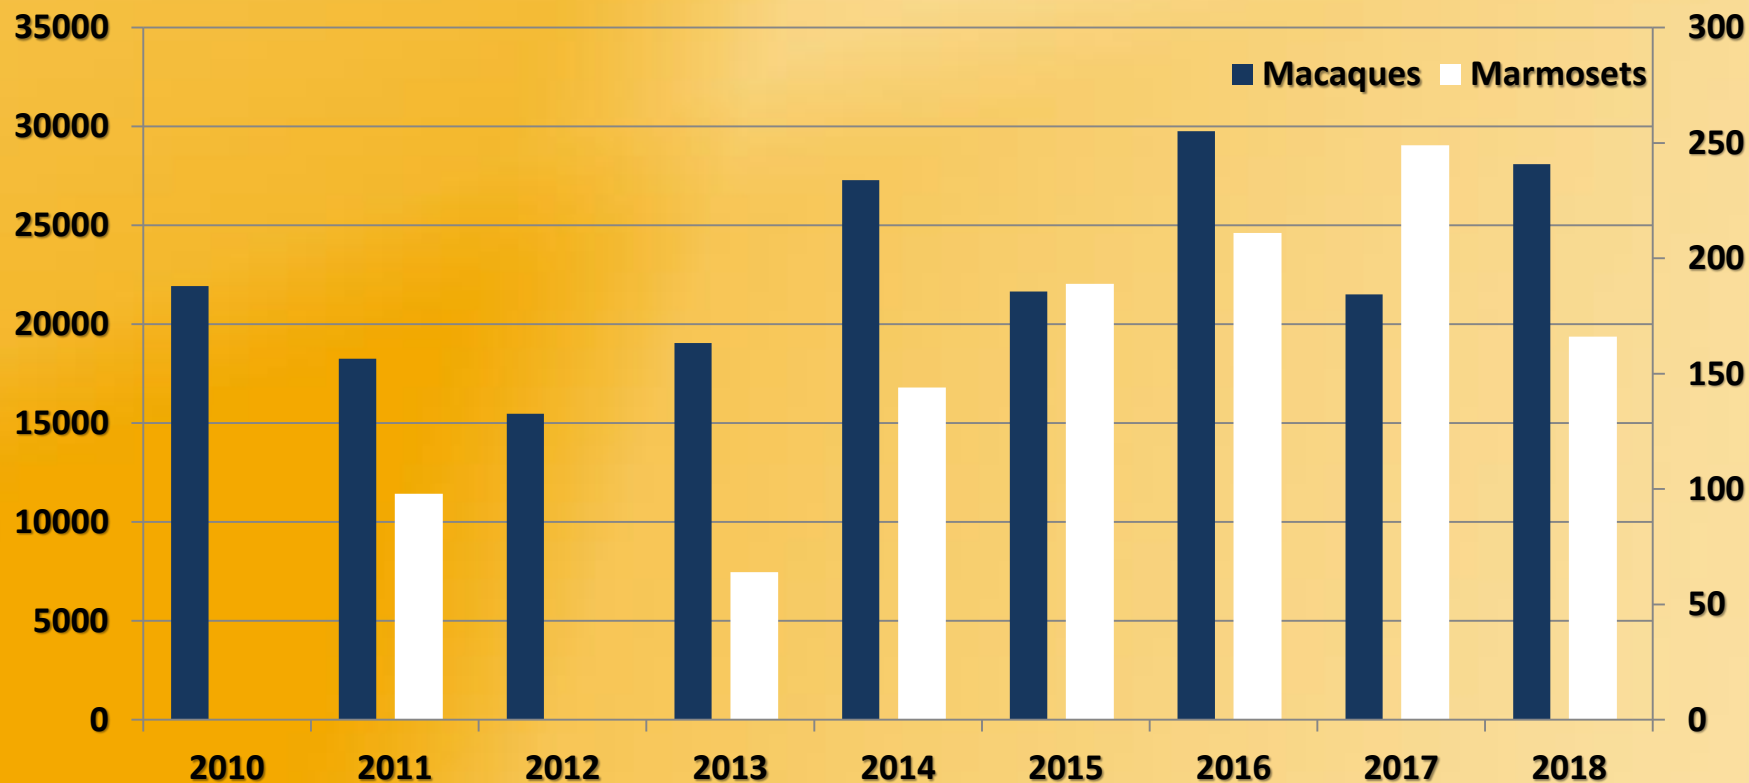

- Asia
 - Japan (22 sites, 2457 animals)
 - China (4 sites, animals?)
 - South Korea (2 sites, animals?)
 - Singapore (1 site, animals?)
- EU
 - Netherlands (1 site, 200 animals)
 - Germany (2 sites, > 460 animals)
 - England (2 sites, > 286 animals)
- North America
 - US (27 sites, >1900 animals)
 - Canada (1 site?, animals?)
- South America
 - Brazil (> 2 sites?, 774 animals?)
- Commercial Suppliers
 - 1 US, 1 Asian?

6077 animals globally?

NIH Funded Marmoset Grants

Macaque vs. Marmoset US Imports 2010-2018*

Marmoset PI Meeting

Boulder, Colorado, September 26-27, 2018

- 33 scientists from 24 US institutions
 - Brief summary of each PI's research
 - Management issues
 - Brain/Behavior models
 - Disease models
- White paper planning
- Annual meeting planning

Necessary Initiatives

- Centralized US breeding facilities
- Centralized CDC quarantine facility
- Centralized pedigree tracking database
- Centralized animal locator
- Global consortium of marmoset users
- Improved communication with South American colleagues
- Best practices for the transport of animals
