

Federal Government Human Health PFAS Research Workshop Committee, Speakers, and Presenters

Planning Committee

David Dorman - Professor, North Carolina State University

Scott Bartell - Professor, University of California - Irvine

Richard Becker - Senior Toxicologist, American Chemistry Council

Alan Ducatman - Professor Emeritus, West Virginia University

Herman Gibb - President, Gibb Epidemiology Consulting, LLC

Kurunthachalam Kannan - Professor, New York University

Gloria Post, Research Scientist - Division of Science and Research, New Jersey Department of Environmental Protection

Laurel Schaider - Environmental Research Scientist, New Jersey Department of Environmental Protection

Elsie Sunderland - Gordon McKay Professor of Environmental Chemistry, Harvard T.H. Chan School of Public Health,
Harvard University

Thomas Webster - Professor, Boston University

Agency Speakers/Discussants

Michelle Angrish - Toxicologist, Office of Research and Development, United States Environmental Protection Agency

Chad Blystone - Toxicologist, National Toxicology Program, National Institute of Environmental Health Sciences

Frank Bove - Senior Epidemiologist, Agency for Toxic Substances and Disease Registry, Centers for Disease Control and Prevention

Abee Boyles - Health Scientist Administrator, Population Health Branch, National Institute of Environmental Health Sciences

Patrick Breysse - Director, National Center for Environmental Health, Agency for Toxic Substances and Disease Registry,
Centers for Disease Control and Prevention

Melanie Buser - Environmental Health Scientist, Agency for Toxic Substances and Disease Registry,
Centers for Disease Control and Prevention

Antonia Calafat - Distinguished Consultant, Division of Laboratory Sciences, Centers for Disease Control and Prevention

Miriam Calkins - Field Research Branch Industrial Hygienist, National Institute for Occupational Safety and Health,
Centers for Disease Control and Prevention

Elaine Cohen Hubal - Senior Science Advisor, Center for Public Health and Environmental Assessment,
United States Environmental Protection Agency

Justin Conley - Reproductive Systems Biologist, Office of Research and Development,
United States Environmental Protection Agency

Mike DeVito - Director, Chemical Characterization and Exposure Division, United States Environmental Protection Agency

Jamie DeWitt - Associate Professor, Pharmacology and Toxicology, East Carolina University

Alexander Domesle - Senior Leader for Chemistry, Toxicology, and Related Sciences, Food Safety and Inspection Service,
United States Department of Agriculture

Ingrid Druwe - Toxicologist, United States Environmental Protection Agency

David Dunlap - Deputy Assistant Administrator for Science Policy, Office of Research and Development,
United States Environmental Protection Agency

J. Emilio Esteban - Chief Scientist, Food Safety and Inspection Service, United States Department of Agriculture

Sue Fenton - Group Leader, Reproductive Endocrinology, National Toxicology Program,
National Institute of Environmental Health Sciences

Michael Focazio - Environmental Health Program Coordinator, United States Geological Survey

Susan Genualdi - Research Chemist, Center of Food Safety and Applied Nutrition, Office of Regulatory Science,
United States Food and Drug Administration

Andrew Gillespie - Associate Director, Center for Environmental Measurement and Modeling,
United States Environmental Protection Agency

Susan Glassmeyer - Research Chemist, Office of Research and Development, United States Environmental Protection Agency

Kimberly Gray - Health Scientist Administrator, Population Health Branch, National Institute of Environmental Health Sciences

Jonathan Hofmann - Investigator, Occupational and Environmental Epidemiology Branch, Division of Cancer Epidemiology and Genetics, National Cancer Institute

Paul Honigfort - Director, Division of Food Contact Substances, United States Food and Drug Administration

Mark Johnson - Director, Toxicology, United States Army Public Health Center, Department of Defense

Bonnie Joubert - Health Scientist Administrator, Population Health Branch, National Institute of Environmental Health Sciences

Shruti Kabadi - Pharmacologist, Center for Food Safety and Applied Nutrition, United States Food and Drug Administration

Steven Kappes - Associate Administrator, Office of National Programs, Agricultural Research Service,
United States Department of Agriculture

Peter Kowalski - Branch Chief, Science Support Branch, Agency for Toxic Substances and Disease Registry

Chris Lau - Chief, Developmental Toxicology Branch, National Health and Environmental Effects Research Laboratory,
United States Environmental Protection Agency

Andrew Lindstrom - Research Physical Scientist, Center for Public Health and Environmental Assessment,
United States Environmental Protection Agency

Sara Lupton - Research Chemist, United States Department of Agriculture

Barry Marcel - Toxicologist, Air Force Research Laboratory 711th

Susan Mayne - Director, Center for Food Safety and Applied Nutrition, United States Food and Drug Administration

Elaine Merrill - Toxicologist, Air Force Research Laboratory 711th

David Moore - Senior Research Biologist, Engineer Research and Development Center, United States Army Corps of Engineers

Moiz Mumtaz - Science Advisor, Office of the Associate Director for Science, Agency for Toxic Substances and Disease Registry,
Centers for Disease Control and Prevention

Katie O'Shaughnessy - Biologist, United States Environmental Protection Agency

Grace Patlewicz - Chemist, Center for Computational Toxicology and Exposure, United States Environmental Protection Agency

Marian Pavuk - Senior Epidemiologist, Agency for Toxic Substances and Disease Registry,
Centers for Disease Control and Prevention

Benjamin Place - Research Chemist, National Institute of Standards and Technology

Hana Pohl - Research Environmental Health Scientist, Agency for Toxic Substances and Disease Registry,
Centers for Disease Control and Prevention

Mark Purdue - Senior Investigator, Occupational and Environmental Epidemiology Branch, National Cancer Institute

Mike Quinn - Program Manager, Health Effects Research Program, United States Army Public Health Center, Department of Defense

Beth Radke - Epidemiologist, United States Environmental Protection Agency

Chris Reh - Associate Director, National Center for Environmental Health, Agency for Toxic Substances and Disease Registry,
Centers for Disease Control and Prevention

Penelope Rice - Toxicologist, Center for Food Safety and Applied Nutrition, United States Food and Drug Administration

Rachel Rogers - Environmental Scientist, Agency for Toxic Substances and Disease Registry,
Centers for Disease Control and Prevention

David Savitz - Professor and Chair of Epidemiology, Brown University

Paul Schlosser - Biologist, United States Environmental Protection Agency

Thad Schug - Health Scientist Administrator, Population Health Branch, National Institute of Environmental Health Sciences

James S. Smith, Jr. - Toxicologist and Risk Assessor, Environmental Programs, Navy and Marine Corps Public Health Center

Paul South - Director, Center for Food Safety and Applied Nutrition, United States Food and Drug Administration

Judi Spungen - Nutritionist, Center for Food Safety and Applied Nutrition, United States Food and Drug Administration

Lisa Sweeney - Risk Assessment Toxicologist, Air Force Research Laboratory 711th

Kent Thomas - Research Physical Scientist, National Exposure Research Laboratory, United States Environmental Protection Agency

Rusty Thomas - Director, Center for Computational Toxicology and Exposure, United States Environmental Protection Agency

Marc Tonnacliff - Aircraft Rescue and Fire Fighting Specialist, Airport Safety and Operations, Federal Aviation Administration

Natalia Vinas - Research Biologist, United States Army Engineer Research and Development Center

Cavin Ward-Caviness - Research Team Lead, United States Environmental Protection Agency

Matthew Waterbury - Hydrologist, United States Army Public Health Center, Department of Defense

Barbara Wetmore - Toxicologist, United States Environmental Protection Agency

Elizabeth Whelan - Field Studies Branch Chief, National Institute for Occupational Safety and Health,
Centers for Disease Control and Prevention

Clint Williams - Soil Scientist, United States Department of Agriculture

Andrea Winqvist - National Center for Environmental Health, Centers for Disease Control and Prevention

Jody Wireman - Senior Program Analyst, Force Readiness and Health Assurance, Department of Defense

Richard Woychik - Director, National Toxicological Program, National Institute of Environmental Health Sciences

Michael Wright - Epidemiologist, United States Environmental Protection Agency

Chris Zevitas - Senior Environmental Engineer, Environmental Occupational Safety and Health,
United States Department of Transportation

Todd Zurlinden - Computational Biologist, National Center for Computational Toxicology,
United States Environmental Protection Agency
