

International Antimicrobial Resistance (AMR)

Lynn Filpi, PhD
PANDEMICS AND EMERGING THREATS / AMR TEAM LEAD
OFFICE OF THE SECRETARY / OFFICE OF GLOBAL AFFAIRS
U.S. DEPARTMENT OF HEALTH & HUMAN SERVICES
WASHINGTON, D.C.

TIMELINE

International agreements are often a long process,
building up a coalition to take action

G7 and G20: AMR as a Priority

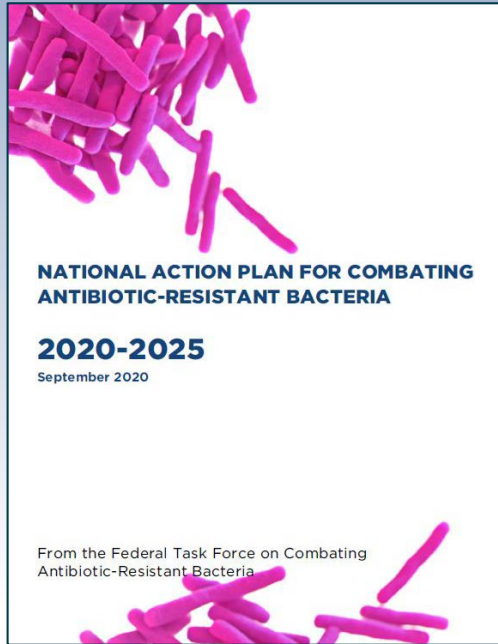

G7

- 2015** - G7 produced a Best Practice Brochure and called for the High Level Meeting
- 2016** - Discussed the International Review on AMR
- 2017** – Developed One Health Definitions

G20

- 2016** G20 Agricultural Ministers committed to phase out medically important antibiotics for growth promotion. Health Ministers issued call to action on economic incentives
- 2017** - Global Collaboration Hub on AMR Research and Development
- 2018** – Held an AMR table top
- 2019** – Welcomed the IACG
- 2020** – Health Working Group session on incentives

CARB National Action Plan, 2020-2025

The U.S. Government is
committed to
continuing the fight
against antibiotic
resistance.

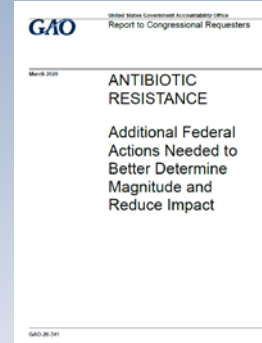

Recommendations

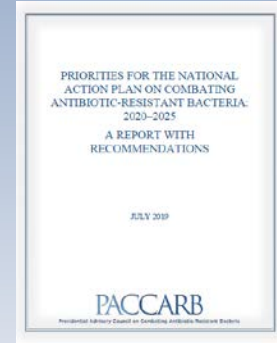

CARB Self Assessment

IACG
Recommendations

GAO Report

PACCARB
Recommendations

Goal 5: Improve International Collaboration and Capacities for Antibiotic-resistance Prevention, Surveillance, Control, and Antibiotic Research and Prevention

1. Enhance U.S. leadership in the global fight against antibiotic resistance.
2. Promote increased awareness and capacity in countries to address the emergence and slow the spread of antibiotic resistance.
3. Generate consistent and actionable global data on antibiotic resistance, including by extending CDC's AR Lab Network to global sites to address the identification, emergence, spread, and effects of antibiotic resistance.
4. Increase international collaborations to facilitate basic, translational, and clinical research into understanding the causes of antibiotic resistance and developing countermeasures.

Global Health Security Agenda AMR Action Package (AP)

STRATEGIC OBJECTIVES

- Support the Global Action Plan on AMR and the associated work of the Tripartite Plus on AMR
- Support AMR efforts in the political space
- Provide guidance and share best practices to assist Action Package members in developing their capacity to address AMR

U.S. 2021 Chair

- Focus on the International Health Regulations (IHR) and the results of the Joint External Evaluations
- Contribute to the WHO benchmarks for IHR

Thank you
