

Committee Conducting an Independent Analysis of Department of Defense's Comprehensive Autism Care Demonstration Program

VIRTUAL PUBLIC SESSION

May 6, 2024 (Eastern times shown)

At this session, the committee will engage invited experts in discussion on methods and considerations for measurement development and outcome assessment of interventions for autism spectrum disorders. The discussion will consider what domains and sub-domains should be assessed, how to select measures, how multi-modal assessment might be achieved, and the role of goal attainment scaling among other considerations.

3:00-3:05pm

Public Session and Livestream Welcome

Zachary J. Williams (Committee Member)

3:05-5:00pm

Measures for Autism Spectrum Disorder
