

AHA Health Equity Roadmap

The Health Equity Roadmap is a framework to help hospitals and health care systems chart their own paths toward transformation — thus becoming more equitable and inclusive organizations.

The Six Levers of Transformation

Research and experience show that leading health equity strategies cut across six levers of transformation within health care organizational structures.

Culturally Appropriate Patient Care

Equitable and Inclusive Organizational Policies

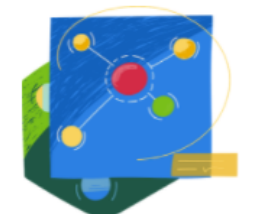

Collection and Use of Data to Drive Action

Diverse Representation in Leadership and Governance

Community Collaboration for Solutions

Systemic and Shared Accountability

Equity Roadmap: Translating Self-Assessment into Action

Self-assessment provides a profile of progress on each lever of transformation....

....and is accompanied by a Transformation Action Plan
